Fort Saint George, Revenue Consultation of 15th June 1858.

No. 77. Read the following Extract from the Proceedings of the Board of Revenue, dated 12th May 1858, No. 1686.

In Consultation 12th May 1858. Read letter from the Collector of Canara, dated 12th April 1858.

(Here enter No. 26.)

The Board resolve to forward the foregoing letter for the information of Government. They think the changes which have taken place in the arrangements for a Survey Class, should have been notified to the Collector when they occurred.

2. As there is no present prospect of resuming the class under Mr. Plebst, the Board are of opinion that it would be advisable to make further efforts to obtain for Mr. Fisher the services of a qualified Surveyor.

(A true Extract.)

(Signed) G. S. FORBES, Secretary.

No. 78. ORDER THEREON, No. 819; dated 14th June 1858.

In Extract Minutes Consultation 15th February 1858, No. 193, para. 3, the Government on the representation of the Collector of Canara of the efficient teaching obtained by the pupils of the survey class attached to the German Mission School, and the difficulty of obtaining a competent Teacher for a distinct Government School, acceded to that officer's proposal to enter the three best pupils of the Mission School as "Volunteers" on the usual pay of Rupees 4 per mensem sanctioned by Extract Minutes Consultation 24th October 1854, No. 1374, pending the establishment of a distinct Government Survey Class in Canara.

2. The Collector now reports that the survey class under the tuition of Mr. Plebst of the German Mission has been broken up, and is not likely to be again placed in a satisfactory footing for some time to come; and as the services of a competent surveyor cannot be obtained for the pay offered, he recommends that one be procured even on such allowances as are usually granted to the subordinates of the Public Works Department.

3. The Government remark that the proposal to have a survey establishment for local purposes in the District of Canara has formed the subject of correspondence since 1853, and that although the sanction of the Government of India was eventually obtained in November 1856 to an establishment comprising a Surveyor on 200 Rupees, six Assistants on 195 Rupees, and 12 Lascars on 72 Rupees, total Rupees 467, yet it is found that all attempts hitherto made for organizing such an establishment, or procuring the services of a qualified surveyor have failed. Under these circumstances, and considering

that since the date of the above sanction arrangements have been made for a General Revenue Survey of the Presidency under Mr. Newill and Captain Priestley under the authority of the Honorable Court of Directors and the Government of India, and that such establishment has already commenced operations, the Government are not disposed to adopt any separate independent and necessarily inferior Surveys in Canara. As

Rev. Ex. Mins. Cons. 4th Dec. 1856, No. 1282. by this resolution the sanction of the Government of India communicated in Mr. Chapman's endorsement of the 14th November 1856, No. 1497, will no longer be

necessary, it will cease to have effect and the sanction will be regarded as cancelled.

4. The Government believe that the "initiator survey classes" formed in several districts under the authority conveyed from time to time to the Board of Revenue in the correspondence recorded in the Consultations noted in the margin are likely to be of great service, and if such a class could by any satisfactory means be formed in Canara the Government will be
