Fort Saint George, Revenue Consultation of 2d July 1858.

No. 908.

No. 81. Extract from the Minutes of Consultation under date the 2d July 1858.

Resolved that the Board of Revenue be requested to circulate the subjoined order to all Revenue authorities under their jurisdiction.

Whereas lands exempted wholly or in part from the payment of the public Revenue are frequently required for public* purposes, and hitherto in granting money compensation for such lands so taken up, or other similarly exempted lands in substitution for them, it has been the custom to take the validity of such exemption for granted; and whereas in the opinion of Government such a course is likely in many cases to be detrimental to the interests of the State, inasmuch as the compensation is granted for the supposed deprivation of rights the extent or even existence of which, is unknown. The Right Honorable the Governor in Council is pleased to direct that from and after the date of this order, no compensation for the loss of any such land shall be applied for, without at the same time placing Government in a position to decide upon the validity and extent of the claims to the compensation, by furnishing a statement in the prescribed Tabular form, shewing the tenure and claim by which the privileged lands are held.
