*Fort Saint George, Revenue Consultation of 2d July 1858.*

No. 100. Read the following Extract from the Proceedings of the Board of Revenue; dated 11th May 1858, No. 1670.

*In Consultation 11th May 1858.*

Read letter from the Collector of Nellore, dated 17th April 1858.

(Here enter No. 60.)

Resolved that the foregoing letter be forwarded for the information of Government together with a former letter of Mr. Elton's, dated 12th September 1854 and the Proceedings of the Board of Revenue passing orders on the same, under date 13th November 1854.

*In Consultation 13th Nov. 1854.*

2. This correspondence will explain the grounds on which the distribution of raw rice instead of cooked food, at the Nellore Lungarkhana has been permitted. The Government will observe from the Memo.* which accompanies Mr. Elton's letter of 12th September 1854, that a large proportion of the persons maintained at the Lungarkhana are not resident in Nellore, and that it is consequently impossible to supply them with cooked food.

* *Enclosure 2.*

3. The Board would also refer the Government to paras. 3 and 6 of the Board's Proceedings 13th November 1854 in proof that proper precautions are taken to prevent abuse, and that the present system has the advantage of simplicity and is acceptable to the parties most interested.

No 2513

Extract from the Proceedings of the Board of Revenue dated 13th November 1854.

Read letter from the Acting Collector of Nellore dated 11th September 1854. requesting instructions as to the manner of carrying out the orders of Government in Extract Minutes of Consultation 8th August regarding the Sungar Khanah in his District.

(Here enter No 121)

The Board observed with reference to the remarks of the Acting Collector in Para 3, that there are 95 Sungardars at Nellore, and 24 at Ongole, and that the Sungarkhana should be established at the former place. They have after further consideration decided that raw rice shall be daily distributed, and for this purpose any Choultry may be fixed upon as the place of distribution.

Ins

2. In some Districts the Sungar. Khana is also an Hospital and the food is given cooked. In North Arcot raw rice is given out in these proportions, together with 2 fice per head for firewood and condiments.

| | Wt. Weight. |
|---|---|
| Adults | 60. |
| Children above | 12. 16. |
| 5 under | 12. 20. |

3. Destitute persons and those incapable of earning their livelihood are alone the fit objects of this charity; and the commencement of a new system of management and the assembling the recipients to one station should be made the occasion for a rigorous inspection of the condition of each one, and the expulsion of all not strictly coming within the above description.

4. In the Districts of Coimbatore, North Arcot and Tanjore, the Sungar Funds maintain Dispensaries and Hospitals; the expenditure in the distribution of food, and salaries of household servants, is not great, some 500 Rupees yearly.

The Nellore Sungar Funds are

are about 3500 Rupees annually. This will be expended, if necessary, in the manner above pointed out, and the surplus if any carried to the credit of Government. A local Committee consisted of the Collector, Judge, and one or two respectable natives might be constituted, each member in rotation making it his duty to see that the funds were properly applied, and at the end of 1855 a report should be made upon the working of the plan now directed.

8. In the new arrangements will set aside the old system of monthly payments, which has proved productive of so much abuse, they will be doubtless unpalatable to former recipients, and to influential parties in the Town. but the Board look to the Collector, or to the Committee appointed, for firmly carrying out the orders of Government as expressed in Extract Minutes of Consultation of the 8th August

August 1854 and for economically working
the Lungar Lands.
