Fort Saint George, Revenue Consultation of 13th July 1858

No. 42. Read the following letter from Captain E. F. FASKEN, Inspector General of Ordnance and Magazines; to the Secretary to Government Revenue Department; dated Fort Saint George, 21st June 1858, No. 118.

No. 601 *dated 6th May* 1858.
No. 642 „ 18*th* „ „

Adverting to Extract Minutes of Consultation as per margin, I have the honor to forward herewith, one receipt No. 1558 in Original, and three receipts Nos. 61, 63 and 66 in duplicate, on account of Mathematical Instruments, &c., received from Calcutta, for the use of the Department of the Revenue Survey of this Presidency.

2. It will be necessary to explain to Government that the receipts bear the signature of Captain Priestley, and not of the Principal Commissary of Ordnance, in consequence of a communication received from the former Officer requesting that the cases might be sent to him unopened, with a view to prevent any risk of damage which the cases were considered by Captain Priestley, liable to, if unpacked here, and packed again for shipment. I acceded therefore to the proposal, on the assurance afforded me of Captain Priestley's being held entirely responsible for the correctness, or otherwise, of the contents of the cases, and I trust Government will approve of the proceeding.

No. 43. ORDER THEREON, No. 954; dated 13th July 1858.

The Government approve the delivery of the cases of Mathematical Instruments to Captain Priestley, unopened. That Officer will be requested through the Director of Revenue Settlement to report at an early date whether the Instruments are all correct according to the lists furnished by the Superintendent at Calcutta, and when that information is received the receipts submitted by the Inspector General of Ordnance will be transmitted to Major Thuillier.

(Signed) T. PYCROFT,
Chief Secretary.
