Fort Saint George, Revenue Consultation of 20th July 1858.

No. 55. Read the following Remarks of the Board of Revenue, dated 3rd July 1858, on the following Enam Report, No. 2294.

In Cons. 3rd July 1858. From the Acting Collector of Madura, dated 24th December 1857.

The original sûnûd, by which this village is held, purports to be a "Cowle," or lease without limit as to the period of holding but dependent apparently on the fulfilment of the conditions therein specified. It shews that in consideration of the deteriorated state of the village and the outlay necessary to restore it to its former prosperous condition, the rent was fixed at 30 Pons and 220 Cullums of paddy payable per annum, being equivalent to Rupees 173. After the country came under the British rule, it was commuted to a quit-rent of nearly twice its amount, viz. Rupees 343-10-2 probably from the augmented resources of the village.

2. The lessee having died, his three sons and two daughters divided the village among themselves in the following proportion :—

	Share.
Syed Tazdeen, eldest son...	¼
Sakna Bebee, widow of 2nd son...	¼
Syed Mohadeen, 3rd son...	¼
Jarah Beebee, daughter...	⅛
Sarah Bebee, 2nd daughter...	⅛

3. On the occasion of a dispute among the share-holders, it was decided by the Magistrate that each person should continue to hold the share allotted at the time when the division was made; and this decision was subsequently confirmed by the Civil Court in a suit instituted by the eldest son to dispossess the females of their respective shares.

4. Sakna Bebee, widow of the 2nd son, and Jarah Bebee, daughter of the lessee, are dead, and the two surviving sons named Syed Tazdeen and Syed Mohadeen lay claim to their lapsed shares. The Acting Collector however recommends that Sakna Bebee's son Syed Oomer, who is son-in-law to the other deceased share-holder, be allowed to enjoy their ⅜th share of the village.

5. Looking at the terms of the original sûnûd and the subsequent enhancement of the quit-rent to more than double its original amount, the Board think the lapsed share may be continued to Syed Oomer as a life grant, subject to a portion of the quit-rent.

6. The Collector will be pleased to report on the general condition of the village, and to explain why so small a portion as Cawnies 64-11 of the nunjah ayacut which embraces Cawnies 583, is cultivated.

(By Order.)

No. 56. ORDER THEREON, No. 988; dated 19th July 1858.

The recommendation of the Board of Revenue in this case is approved. The rest of the shares will be similarly disposed of on lapse.

Chief Secretary.

No. 2234.

Remarks of the Board of Revenue, dated 3d July 1858, *on the following Extract Report.*

In Con. 24 July 1858. From the Acting Collector of Madura, dated 24th December 1857.

The original sanad, by which this village is held, purports to be a "Cowle," or lease without limit as to the period of holding but dependent apparently on the fulfilment of the conditions therein specified. It states that in consideration of the deteriorated state of the village and the outlay necessary to restore it to its former prosperous condition, the rent was fixed at 30 Pons and 220 Cullums of paddy payable per annum, being equivalent to Rupees 173. After the country came under the British rule, it was enhanced to a quit-rent of nearly twice its amount, viz. Rupees 342-10-2 probably from the augmented produce of the village.

2. The lessee having died, his three sons and two daughters divided the village among themselves in the following proportion :—

	Share.
Syed Tandeel, eldest son	¼
Sakina Beebee, widow of 2d son	¼
Syed Mohadeen, 3d son	¼
Farah Beebee, daughter	¼
Sarah Beebee, 2d daughter	¼

3. On the occurrence of a dispute among the shareholders, it was decided by the Magistrate that each person should continue to hold the share allotted at the time when the division was made; and this decision was subsequently confirmed by the Civil Court in a suit instituted by the eldest son to dispossess the females of their respective shares.

4. Sakina Beebee, widow of the 2d son, and Farah Beebee, daughter of the lessee, are dead, and the two surviving sons named Syed Tandeen and Syed Mohadeen lay claim to their lapsed shares. The Acting Collector however recommends that Sakina Beebee's son Syed Oomer, who is son-in-law to the other deceased shareholder, be allowed to enjoy their 4th share of the village.

5. Looking at the terms of the original sanad and the subsequent enhancement of the quit-rent to more than double its original amount, the Board think the lapsed share may be continued to Syed Oomer as a life grant, subject to a portion of the rent-rent.

6. The Collector will be pleased to report on the general condition of the village, and to explain why so small a portion as Cawnies 64-11 of the ranjah extent which embraces Cawnies 688, is cultivated.

By Order,

Secretary.
