Fort Saint George, Revenue Consultation of 11th January 1859.

No. 1. Read the following Extract from the Proceedings of the Board of Revenue, dated 19th November 1858, No. 4300.

In Con. 4th October 1858. Read again letter from the Collector of Ganjam, dated 9th September 1858.

In Con. 19th Nov. 1858. Read also letter from the same Officer, dated 22nd October 1858.

(Here enter No. 190.)

Resolved that the foregoing letters, with the enclosure of the second, be submitted for the consideration and orders of the Right Honorable the Governor in Council.

2. In the first of the communications above recorded the Collector requested authority to employ an Establishment of Hungamy Carpoons for the purpose of discovering concealed cultivation in his District, and proposed to remunerate them from the assessment levied on lands newly brought to account, debiting the sums so disbursed as a deduction from the Sevoy Jummah.

3. In support of his application, the Collector points out that the conformation of the country is such as to make it a very easy matter for the Ryots to extend cultivation in localities where it escapes notice, and that many lands are supposed to be under cultivation unknown to the Revenue Officers.

4. The Collector also states that the fixed Establishment of Carpoons cannot be spared for the work as they are already sufficiently employed in taking cognizance of cases which are brought to light by Informers, as well as in the performance of their other duties.

5. Under these circumstances, the Board recommend that sanction be granted for the entertainment of 10 additional Carpoons at 10 Rupees each per mensem for 8 months, for bringing to account concealed cultivation in the Talooks of Itchapore, Mohery, Wadadah and Goomsur, but that their salaries be paid from the Public Treasury instead of in the manner proposed by the Collector.

6. The result of this arrangement will be reported in due course.

No. 2. ORDER THEREON, No. 15; dated 5th January 1859.

The Government cannot sanction the arrangement recommended in the foregoing Proceedings, as they object to the principle of these extra investigations. It is the duty of the subordinate Revenue servants to see that there is no concealed cultivation in the ranges under their charge; and the Collector will be instructed to hold them responsible for the due discharge of this duty.
