Books Nos 21-22

Dates 6—1—1859

No. 21. Read the following Extract from the Proceedings of the Board of Revenue, dated 24th December 1858, No. 4770.

Read letter from the Collector of Vizagapatam, dated 2nd December 1858, No. 219, forwarding copy of a letter from Assistant Apothecary Sausman, attached to the Sibundies at Nursapatam, on the subject of Colonization of Europeans in India; together with his answer to the same; and soliciting instructions for his guidance in the event of his being favored with their own or the sanction of Government to take the requisite initiatory measures.

(In Consultation 24th December 1858, No. 5574.)

The Board resolve to submit the above letter for the consideration of Government with reference to their Proceedings dated 24th September 1858, No. 3613.

2. Mr. Sausman's letter is principally valuable as bearing out the supposition that retired European soldiers would often willingly become settlers, if encouragement were held out. The Board consider that the healthy Hill tracts offer the best field for trying the experiment.

(A true Extract.)
