No. 21. Read the following Extract from the Proceedings of the Board of Revenue, dated 24th December 1858, No. 4783.

Read letter from the Collector of Masulipatam, dated 5th August 1858, No. 158.

(In Con. 24th December 1858, No. 3582.)

Resolved that the above letter be submitted for the orders of Government.

1. The compensation granted to the Inamdars, whose lands were occupied by the Godavery Channels in the three Northern Talooks of the Masulipatam district were reported in the Board's Proceedings of the 4th November 1857, and sanctioned by Go-

2. The present report, which refers to the lands taken up by the Kistna channels in the Bezwadah Talook, disposes of all the claims for compensation up to Fusly 1267, A. D. 1857-58.

3. The Statement No. 1 enclosed in the Collector's letter shews the following to be the result of the settlement made with 115 Inamdars from Fusly 1262 (A. D. 1852-53,) to Fusly 1267, (A. D. 1857-58) inclusive.

In Consultation 10th July 1858.

4. Government lands to the extent of C. 28 V. 7 assessed at Rupees 646-8-9 were partly taken up by the channels and partly made over to the Inamdars in lieu of their Inam lands as shewn in the margin. The Inamdars were given to understand that these lands would be held liable for the same Quit rent that they had paid for their former lands, and be subject to the general investigation of rent free tenures about to be instituted. The Board presume that the orders in Extract Minutes Consultation 2nd July last, No. 908, R. D. need not be applied to cases already settled by the Local Officers. The course prescribed in those orders would entail still further delay in the present instance.

†*Assessment of land taken*	646	8	9

Paras. 4 and 7 of Acting Sub Collr.'s letter of 22nd May 1858, *Enclo. in from Collr. 5th August in Con. 24th December* 1858.

5. In the annual settlement of the villages, in which the lands assigned to the Inamdars are situated, a corresponding reduction in the Assessment was made to the Ryots.†

6. To all the Inamdars, lands of equal value and extent to those which have been taken up for public purposes have been allotted, except in the case of Abdul Gaffár Saib, to whom a small extent

of additional land was allowed in consideration of waste having been given in exchange for cultivated land.

7. For the Inam land viz. 0 V. 1 P. 12¾ in the Zemindary Estate, bearing an Assessment of Rupee 1-7-4 taken up by the Kistna Channels, land of equivalent value was assigned to the Inamdar in the Mylaveram Zemindary. Its value is so small that the Collector thinks the exchange might be permitted till objected to by the Zemindar. The preferable course the Board consider, is to allow the Inamdar an equivalent in money for the land taken, its value being fixed by arbitration, if he will not accept what the Collector consider an equitable tender. The total extent of Sary and Inam land in the Zemindary Estate occupied by the Channels is 0 V. 15 P. 11¼ as shewn in Col. 6 of Statement No. 1. The total given in Col. 6 of Statement B is evidently incorrect.

8. The claims of the Inamdars to compensation having been carefully investigated by Mr. Tweedie late Head Assistant Collector and his successors, and finally by the Acting Sub Collector, in whose division the Bezwadah talook is situated, the Board recommend that the arrangement made by them with the Inamdars be confirmed; and that sanction be granted for the disbursement to them of Rupees seven hundred and ninety-five, Annas fifteen, and Pice two.

9. The great delay in the disposal of these claims is attributed by the Acting Sub Collector chiefly to the absence of some of the Inamdars from their holdings for many years and to the reluctance of some of the Ryots to transfer their lands to the Enamdars. The Board presume that objections of this kind have been amicably arranged and that the Ryots have not been compelled to give up their lands—this point should have been noticed by the Collector.

In Con. 23rd December 1857. 10. The Board request that the requisition contained in para. 5 Extract Minutes Consultation 22nd December 1857, R. D. No. 1339, may be met without further delay.

No. 22. ORDER THEREON, No. 60; dated 15th January 1859.

1. In continuation of their Proceedings dated 4th November 1857, No. 3775, the Board of Revenue here submit a further letter from the Collector of Masulipatam requesting sanction for the grant of compensation to the Inámdárs whose lands have been taken up for the subsidiary works of the Krishna Anicut. The present report disposes of all claims advanced up to the end of Fusly 1267, A. D. 1857-58.

2. Deducting land assessed at Rupees 23-3 which has been relinquished by the Inámdárs on account of inability to pay the arrears of quit rent due by them, the extent of land for which compensation had to be given was assessed at Rupees 561-4-2. That given in exchange, bears an assessment of Rupees 558-4-1.

3. The compensation which became due for the loss of produce to Inámdárs is said to be Rupees 6,426-14-1; of this sum Rupees 5,205-10-8 has been paid to the claimants by the Engineer Department, while Rupees 46-2-5 is to be deducted from the balance, on account of Ináms relinquished; and Rupees 379-1-10 on account of arrears of quit rent: leaving Rupees 795-15-2 for which sanction is requested.

4. The claims to compensation are stated to have been carefully investigated by the late Head Assistant Collector and his successors, and the Sub-Collector. The Government accordingly confirm the arrangements which have been made, and sanction the disbursement of Rupees (795-15-2) seven hundred and ninety five, annas fifteen and pice two.

5. The rest of the arrangements also as detailed by the Board in paras. 4-7, are approved. It is only necessary to remark that in all cases where lands have been now given to Inámdárs in exchange for those hitherto held by them, it should be distinctly explained to those individuals that no absolute recognition or confirmation of the validity of their exemption is thereby implied. In future, the course laid down in Extract Minutes Consultation 2nd July 1858, No. 908, should be followed.
