No. 17. Read the following letter from W. HUDLESTON, Esq., Acting Secretary to the Board of Revenue; to J. D. BOURDILLON, Esq., Secretary to Government, R. D. dated 19th September 1859, No. 3730.

With reference to paragraph 10 of Extract Minutes Consultation 4th February 1858, No. 151, Revenue Department, I am directed by the Board of Revenue to submit for the sanction of Government, the accompanying statement of the sums paid and the expenditure remaining to be incurred on account of Dutta maniems in South Arcot, forwarded by the Collector under the orders above quoted, and those cited in the margin.

2. In their proceedings, dated 19th December 1857, No. 4619, the Board explained that when the Government in 1842 relieved the Cavilgars of their police functions and resumed the Ináms they held for those services, it was discovered that they had alienated portions of their Ináms rent free to individuals and charitable institutions, and that these private alienations constituted the Dutta maniems now referred to. A statement of 92 cases of this description was at the same time submitted, in which it was proposed to commute the alienations to private individuals into life pensions equivalent to the full value of the Ináms, and the grants to pagodas into similar allowances for five years, or into a single payment of the amount due for that period, if deemed preferable. These arrangements which were based on the principle of adjustment adopted in a similar case in 1842, were approved, and sanctioned by Government on 4th February 1858, No. 151, in regard to most of the cases; and with reference to the others, similar orders were passed according to the circumstances of each case, in the two papers already cited in the margin.

3. In paragraph 10th of the proceedings of the 4th February 1858, Government required the Board to submit an abstract statement of the whole expenditure eventually incurred under those orders for sanction and communication to the Civil Auditor, distinguishing the ready money payments and the life pensions. The statement thus called for is the one now submitted by the Collector.

4. It will be seen from this statement that the total sum in ready-money which the Government have to pay to the Dutta maniemdars is Rupees 16,850-7-2, of which Rs. 11,433-3-9 is for principal, and Rupees 5,417-3-5 for interest at 5 per cent. from Fusly 1252, A. D. 1842-43, to Fusly 1266, A. D. 1856-57, the date when the adjustment for their claims took place. Out of the above sum, Rupees 13,941 have been already disbursed to the parties, and the small sum of Rupees 2,909-7-2 remains unpaid through no fault of the Collector, and consequrntly no further interest can accrue thereon.

5. The total amount of life pensions is Rupees 436-12-9 per annum, which will have to be disbursed to the parties from Fusly 1267, till lapses occur.

6. The Board recommend that sanction may be granted for the admission of the entire charge of Rupees 16,850-7-2, on the public accounts; and for the continuance of the payment of the life pensions amounting to Rupees 436-12-9 per annum, to enable the Civil Auditor to pass them.

From Æ. R. McDONELL, Esq., Acting Collector of SOUTH ARCOT, dated Cuddalore, 12th July 1859, No. 149.

In conformity with the requisition contained in Board's Proceedings, No. 653, dated the 16th of February 1858, which accompanied Minutes of Consultation of the 14th of the same month, I do myself the honor to submit a statement in detail, of the sums paid and the remaining expenditure to be incurred under the orders of Government marginally noted—the ready money payments and life pensions are entered distinctly.

2. A reference to the Table A., entered in the margin, will show that Government authorized a sum of Rs. 16,850-7-2, principal and interest, calculated at 5 per cent. to be disbursed to the Dutta Inamdars of Munnargoody and Chellumbrum.

3. Statement B. shews the nature and amount of payment. Out of the entire sum of Rs. 16,850-7-2 sanctioned for payment to the different claimants, Rs. 2,324-1-5 is on account of religious institutions and chuttrums; Rupees 9,109-2-4, represents the principal to be paid to different individuals and Rupees 5,417-3-5 is the interest thereon, calculated at 5 per cent. from Fusly 1252 to Fusly 1266. The last item of Rupees 436-12-9 is that of life pensions due to individuals from Fusly 1267.

4. Of the sum sanctioned, Rs. 13,941 has been disbursed to different parties; the small sum of Rupees 2,909-7-2 remains unpaid through no neglect of this office; some of the parties do not come forward and in other cases protracted disputes delay the payment.

5. With a view to an early settlement of these claims, I have served notices on the parties interested warning them to appear within a specified time, otherwise their claims will be rejected.

6. The sum unpaid is but small, and the larger amount which has been disbursed now stands unadjusted in my accounts. I, therefore, request that the Board will be so good as to obtain the necessary sanction of Government for the admission of this charge of Rupees 16,850-7-2, together with the required authority for a continuance of the payment of the life pensions, amounting to Rs. 436-12-9 to enable the Civil Auditor to pass them.

7. The Board have, in one case, granted a year's time to the parties to settle their disputed claims. I have therefore thought it better, as nearly all the amount has been disbursed, to delay no longer applying for the sanction necessary for the adjustment in this office accounts.

With reference to paragraph 10 of Extract Minutes Consultation 4th February 1858, No. 151, Revenue Department, I am directed by the Board of Revenue to submit for the sanction of Government, the accompanying statement of the sums paid and the expenditure remaining to be incurred on account of Dutta maniems in South Arcot, forwarded by theCollector under the orders above quoted, and those cited in the margin.

2. In their proceedings, dated 19th December 1857, No. 4619, the Board explained that when the Government in 1842 relieved the Cavilgars of their police functions and resumed the Inams they held for those services, it was discovered that they had alienated portions of their Inams rent free to individuals and charitable institutions, and that these private alienations constituted the Dutta maniems now referred to. A statement of 92 cases of this description was at the same time submitted, in which it was proposed to commute the alienations to private individuals into life pensions equivalent to the full value of the Inams, and the grants to pagodas into similar allowances for five years, or into a single payment of the amount due for that period, if deemed preferable. These arrangements which were based on the principle of adjustment adopted in a similar case in 1842, were approved, and sanctioned by Government on 4th February 1858, No. 151, in regard to most of the cases; and with reference to the others, similar orders were passed according to the circumstances of each case, in the two papers already cited in the margin.

3. In paragraph 10 of the proceedings of the 4th February 1858, Government required the Board to submit an abstract statement of the whole expenditure eventually incurred under those orders for sanction and communication to the Civil Auditor, distinguishing the ready-money payments and the life pensions. The statement thus called for is the one now submitted by the Collector.

In Con. 16th February 1858, No. 629

From South Arcot, 12th in Con. 15th July 1859, No. 3483.

4. It will be seen from this statement that the total sum in ready-money which the Government have to pay to the Dutta maniemdars is Rupees 16,850-7-2, of which Rupees 11,433-3-9 is for principal, and Rupees 5,417-3-5 for interest at 5 per cent. from Fusly 1252, A.
