Proceedings of the Madras Government, Revenue Department, from 20th to 26th August 1859.

No. 59. Read the following letter from J. D. SIM, Esq., Secretary to the Board of Revenue; to J. D. BOURDILLON, Esq., Secretary to Government Revenue Department, dated 2d August 1859, No. 2975.

In Cons. 30th July 1859.

In acknowledging the receipt of your Official Memorandum of the 25th Ultimo, No. 182, calling for explanation as to why the Statements Nos. 3 and 16 submitted with the Board's settlement Report for Fusly 1266 do not correspond as respects the extent of land cultivated, I am directed by the Board to inform you that differences of this kind occur only in the six Districts noted in the margin. In Ganjam, the variation is is owing to the cultivation of the rented villages being included in Statement No. 16 while it is omitted in Statement No. 3, and in Rajahmundry to the extent of waste charged for, being excluded from Statement No. 16. The difference in South Arcot is caused by the cultivation of the 10 Hooloos Talooks *alone* in which a revision of the assessment has taken place being entered in Statement No. 16 and in Nellore, by the cultivation of the Aumany villages also being included in it. The differences in North Arcot and Cuddapah are due more or less to the like causes.

	Differences. Acres
Ganjam	49,243
Rajahmundry	1,18,846
Nellore	849
Cuddapah	21,829
North Arcot	12,369
South Arcot	2,44,086

2. The differences are found in the statemants submitted for Fusly 1267 also. The Board perceiving the disagreements in Fusly 1266 desired Collectors in a Circular* to preserve due correspondence between the District Returns from which the Statements in question were prepared in this office; but the requisition has not been properly attended to in some Districts; and the Board are about to draw the attention of Collectors to this and other points connected with the accounts in Circular, which will shortly be despatched.
