No. 43. *PROCEEDINGS of the MADRAS GOVERNMENT.*

Dated 14th September 1859, *No.* 1238.

Resolved that the attention of the Board of Revenue be called to page 197 of the Nellore Gazette of the 2d instant. It will be there observed that the Collector has only suspended for one year the village Moonsiff and Head Kápus of Carada for having procured the remission of a certain balance by producing false accounts. For such an offence Regulation 9 of 1822 provides a punishment, if as it is probable the offenders had a share in fabricating the false accounts. Considering how much evil is in the power of the revenue officers, in this way, it is the opinion of Government as lately* stated in another case, that the law ought to be enforced in every instance of conviction. If the offenders in the present case did not bring themselves within the law, they ought at least to be dismissed from employment, unless the Collector can give good reason for dealing more leniently with them.

**Order dated 9th September* 1859, *No.* 1206.
