Sir, Fort St. George

I have the honor to acknowledge the receipt from your Government Proceedings No 1032 dated 30th July and in connection therewith to request that you will forward the following for the consideration of Government

2 remarked by Government the Lines alluded to in the above as being the station upon which the public object. I am interested in the Reservoir, which was, I may here remark successful, although of course not so much so as it would have been under experienced management, and I believe, that one of the good results attending it was the inducement it held out to many ryots to try wet cultivation.

I am

3. I am relieved of the claim made against me by the Collector on behalf of Government, and I would now submit that the reasoning which has led to this decision equally applies in respect of the claim made by the Inamdars. If I am liable for the one amount neither am I for the other, as it appears to me, and so obvious does this seem that I am confident that has overlooked the close analogy of the circumstances attending the two demands. The amount is trifling it is true, but this does not affect the question, as I never for a moment considered the obligation a personal one. I therefore trust that Government will be pleased to uphold in the one case the principle which they have adopted in the other, and relieve me from the claim for the land, as well as from the other demands made.

4. But supposing that Govt. should decline to acquiesce, which I can hardly anticipate, I would bring to your notice that, under any circumstances, the refund should not fall on me, but on Captn Arr. the

my principal, and I acted merely under his orders, hence Government will, I think, concur with me that I am not legitimately answerable. Soliciting your support in favor of my request, I have the honor to be, Sir, your most obedt Servt
