No. 96. Read the following Proceedings of the Board of Revenue, dated 19th October 1859, No. 4216.

Read the following letter from J. D. ROBINSON, Esq., Acting Collector of North Arcot, to W. HUDLESTON, Esq., Acting Secretary to the Board of Revenue, Fort Saint George, dated Chittoor, 12th October 1859, No. 247.

I have the honor to submit for the orders of the Board of Revenue transcript of a letter * received from the District Engineer, with copies of the estimate and valuation list for repairing the bungalow at old Arcot formerly occupied by the Sub-Collector.

* *Dated 27th August* 1859, *No.* 669.

2. As old Arcot has been abandoned in favor of Ranipett, and Vellore is now the Sub-Collector's head quarters, it would I think be mere waste of money to repair these premises; and I therefore beg to recommend that they be sold as they now stand by public auction, and the proceeds carried to the credit of Government.

3. There is, however, a small building belonging to these premises but detached from them by a hedge which was formerly used by the Sub-Collector as a cutcherry. This, as being well suited in every respect, the Inspector General of Police is desirous to retain as a station house; and I beg, therefore, to be authorised to make it over to him for that purpose.

Submitted for the orders of Government, with the Board's recommendation that the Collector be authorised to carry out his proposals.

No. 97. ORDER THEREON, 31st October 1859, No. 1472.

The Honorable the Governor in Council authorizes the Acting Collector of North Arcot to sell by public auction the bungalow and premises at old Arcot formerly occupied by the Sub-Collector, and to carry the proceeds to the credit of Government. Authority is also granted for transferring to the Inspector General of Police the small building contiguous to those premises, required by that officer as a station house.

2. The premises will be sold in convenient lots under the provisions of article first para. 4 of the order of August 5th 1859, No. 1053, without any reservation of quit rent; the lots being put up consecutively and sold to the highest bidder in each case. With respect to the buildings, the Collector will adopt such arrangement as he may consider best; either selling them with the lots they stand on, or separately for the materials only. He will take special care that the terms of sale are fully known; and the sale will be personally superintended either by himself or by one of his Assistants. He will report the result of the sale immediately it is over; and will in due time and without delay, send up the necessary Title deeds for the Government Seal.

Secretary to Government.

Sir,

With reference to Mr. Whittingham's letter No. 131 of 30th April 1859. I have the honor to enclose an Estimate with valuation list for repair to the Bungalow at old Arcot formerly occupied by the Sub Collector -

The Estimate required to be forwarded for the Chief Engineer's sanction whether the Bungalow is likely to be used again, it having remained now for sometime unoccupied -

The whole of front wall, and the pillars of the front verandah are giving way this is owing to the walls being built of brick in mud, not Chunam. The walls began to open a Couple of years ago, and the

that extent that the building is unsafe -
The Bungalow is a fine large and valuable
