In Con. 28th April 1859, *No.* 1386.

In paragraph 7 of Extract Minutes Consultation, dated 29th March 1858, R. D., No. 408, the Government while reviewing the annual Reports of the Collectorate Presses for 1856-57 observed, with reference to the recommendation of the Board for some additional quantity of type required by the Collector of Rajahmundry, that this system of supplying type from time to time as it is required, is not a good one; and desired the Board to procure necessary estimates from all the districts, and submit them after careful examination and revision when necessary, together with original abstract estimate for the whole Presidency.

2. A Circular was accordingly issued on 28th April 1858, calling for the estimates from those Collectors who have been supplied with presses, and their replies have been received.

3. Except the Collector of Trichinopoly, who states that he is not in want of a further supply, all the Collectors have sent in indents for types, &c. required. As these statements do not contain complete information as the value of materials supplied to them, the general statement forwarded to Government with the Board's letter dated 4th December 1858, has been taken as a guide. Looking to the large amount of stock already supplied for some districts as shewn in this statement, the Board think that some of the indents are somewhat excessive. They provide for some articles which appear superfluous, while others if found to be necessary should rather be purchased by the Collectors out of the surplus earnings of the Presses. Since the issue of the Circular the Collector of Bellary has been supplied with the necessary materials under the sanction of Government, dated 22nd November 1858, and the Collector of Malabar has purchased an additional quantity of English and Vernacular types. Partial supplies have also since been made to some of the Collectors, and due allowance has been made for these by the Board.

In Con. 25th November 1858.

5. As directed in paragraph 7 of Extract Minutes Consultation now under reply, the Collector of Rajahmundry submits a statement shewing the cost of type, &c. furnished at his own expense; it amounts to £ 11-6-10 or Rupees 113-7-4, for which amount the sanction of Government is solicited, in order that Mr. Purvis may be reimbursed for the expenditure.
