IN CON. 15TH AUGUST 1859, No. 4077.

From G. S. FORBES, Esq., Collector of GANJAM,
dated Chetterpore, 3rd August 1859, No. 235.

With reference to your endorsement of the 20th ultimo, No. 2862, on the Proceedings of the Madras Government of the 15th idem, No. 942, I have the honor to state that no separate allowance for Jummabundy saderward is made in this district, but the paper, &c., required for the preparation of Jummabundy accounts, is included with the hoozoor saderward.

2. The introduction of the new forms of village accounts which are to be written on paper, to be paid for by Government, instead of on cadjan, which cost Government nothing, will of course entail an additional expense, which will be more apparent, owing to the gradual transition from the renting system to the ryotwar which is now going on. Under the renting system the accounts are fewer.

3. The curnums of the Wadada talook, who alone were in the habit of preparing their accounts on paper, used to procure it at the expense of their respective villages, they are now supplied with paper by Government.

4. As regards the explanation required in the concluding part of the Government order, now under reply, peremptory orders were issued to the talook authorities that their expenses on account of saderward, should on no account exceed the amount sanctioned by Government, and as great economy on their part is necessary in order to keep the expenditure within this limit, the full amount sanctioned is disbursed to them in each month, and as every Anna is required, the actual expenditure exactly tallies with the sanctioned amount.
