No. 32. Read the following letter from W. HUDLESTON, Esq., Acting Secretary to the Board of Revenue; to T. PYCROFT, Esq., Chief Secretary to Government; dated 29th September 1859, No. 3914.

The Board of Revenue having received application for the supply of the Fort Saint George Gazette officially to certain of the newly appointed Deputy Collectors, direct me to submit for the consideration of Government their opinion that it is highly desirable that all Head Assistants and Special Assistants, as well as Uncovenanted Deputy Collectors in independent charge, should be furnished with the Gazette, and recommend that orders be issued accordingly to the Superintendent of the Gazette Press.

2. So far as the Board can ascertain, the Gazette is now supplied to about 45 or 50 Revenue officers. Their proposal would probably require the addition of some 50 copies to this number; but on being informed of the decision of Government on the general question, they will address the Collectors on this point, and ascertain the precise number of officers requiring to be supplied.

No. 33. ORDER THEREON, 16th November 1859, No. 1554.

The Gazette is now so bulky a paper that the transmission of fifty additional copies could not fail to add materially to the weight of the mails, an inconvenience to be avoided as much as possible where foot runners are employed. Before acceding to the present recommendation the Government would wish the Board to consider what parts of the Gazette it is officially desirable that Head Assistant Collectors and Deputy Collectors should receive; and whether the end in view might not be attained by the re-publication of such parts in the District Gazette. By this means they would become known not only to the officers above named, but to all principal Revenue officers throughout the districts.

2. The Board are also requested to call attention to any alterations in the Gazette whereby its bulk would be diminished without public inconvenience.

*Secretary to Government.*
