MADRAS RECORD OFFICE.

Government of Madras.

Revenue **DEPARTMENT.**

G.O. No.	1619	Press ~~Mis.~~
81-82		
Dated	29 — 11 — 1859.	

Not to be folded or roughly handled

No. 81. Read the following letter from H. NEWILL, Esq., Director of Revenue Settlement; to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, dated 11th November 1859, No. 994.

I have the honor to submit for the consideration of Government, the supply of measuring chains for the Karnams in the districts now under survey. Some of the petty details of measurement are made by the Karnams, and it is necessary they should for that purpose be supplied with measuring chains adapted to the acre standard, as well as for all future contingencies.

2. I have had some cheap chains made up in Rajahmundry, Masulipatam and Trichinopoly, they cost on an average about 11 or 12 annas each, and are 50 links in length, (half the standard chain which is found more convenient than the full chain, and is also in accordance with the present usage as regards local measuring chains), and consist of 5 good bamboos of 10 links length each; with connecting iron swivel and links.

3. I at first arranged for this small cost to be recovered by my Deputies from the several village communities on the supply of the chains, but the collection of these trivial sums will probably be considered by Government open to the same, if not greater, objection than the recovery of the cost of boundary pillars, which the Government recently determined should be borne by the State, and it seems proper for me to submit the question, whether the expense of these chains should not also be borne by Government.

4. The total cost for the whole of the Rajahmundry district, including a portion of Masulipatam taken up by the Rajahmundry party, is estimated at Rupees 658, and that for the remainder of Masulipatam, at Rupees 415, making a total of Rupees 1,073 for these two districts. For the Salem and Trichinopoly districts, similar accounts will be submitted, if the Government resolve on undertaking these payments.

No. 82. ORDER THEREON, 29th November 1859, No. 1619.

The Government are of opinion that the cost of measuring chains to be used by village Karnams, should be borne by the State. They sanction the estimate in paragraph 4 on that account for the districts of Rajahmundry and Masulipatam, amounting to Rupees (1,073) one thousand and seventy-three; and they will be prepared to grant such further sums as may be necessary in other districts.

2. These chains will be permanently available for use in the hands of the Karnams; and it will be the duty of the district officers to see that they are duly preserved and taken care of.

(Signed) J. D. BOURDILLON,
Secretary to Government.

To

A.D. Bourdillon Esqre
Secretary to Government
Revenue Department
Fort St. George

Sir,

Para 1. I have the honor to submit for the consideration of Government the supply of measuring chains for the Surveys in the Districts now under Survey. Some of the petty details of measurement are made by the Surveys, and it is necessary they should for that purpose be supplied with measuring chains as adapted to the acre standard, as well as for all future contingencies.

2. I have had some chain chains made up in Rajahmundry, Masulipatam and Vizianagaram, they

they cost on an average about 11 or 12
annas each, and are 50 links in length
(half the standard chain which is found
more convenient than the full chain and is
also in accordance with the present usage
as regards local measuring chains) and
consist of 5 good handles of 10 links length
each, with connecting iron swivel and links.

3. I at first arranged for this small cost to be recovered by my Deputies from the several Village communities on the supply of the chains, but the collection of these trivial sums will probably be considered by Government upon to the same if not greater objection than the recovery of the cost of boundary pillars which the Government recently determined should be borne by the State, and it seems proper for me to submit the question whether the expense of these chains should not also be borne by Government.

4. The total cost for the whole of the Rajahmundry District including a portion of Masulipatam taken up by the Rajahmundry party is estimated at Rupees 658, and that for the remainder of Masulipatam at Rupees 415, making a total of Rupees 1073 for these two Districts. For the Salem and Trichinopoly Districts similar accounts will be submitted if the Government resolve on undertaking these payments.

I have the honor to be
Sir,
Your most Obed.t Servant

H Elliot
