Fort Saint George, Revenue Consultation of 25th February 1859.

Read again Extract from the Proceedings of the Board of Revenue, dated 4th and recorded in Diary to Consultation 23rd November 1858, No. 1719.

Read also the following Extract from the Proceedings of the Board of Revenue.

No. 33. Read the following Extract from the Proceedings of the Board of Revenue, dated 24th January 1859, No. 246.

Read letter from the Collector of Nellore, dated 29th December 1858, No. 212.

(In Con. 3rd January 1859, No. 9.)

Resolved that the letter recorded above be submitted for the information and orders of the Right Honorable the Governor in Council, with reference to Extract Minutes Consultation, dated 18th November 1858, No. 1548, Revenue Department.

In Consultation 20th November 1858.

2. The Collector explains that a saving of 88½ Rupees has been effected in the ordinary Jumwabundy Saderward of the District by the abolition of the Dittum, and sundry small accounts, which were prepared in the Huzzoor previous to the introduction of the new forms of village accounts, and that this sum would have been larger had it not been found necessary to keep a copy of the Kulwar Chittah in the Huzzoor. Out of this sum however the Collector had to provide for the charge (Rupees 96 per annum) for the issues of the District Gazette during part of Fusly 1266 and the whole of Fusly 1267.

3. The Collector further explains that no very great saving could be expected in the ordinary Jumwabundy Saderward, because none of the accounts were prepared in his District in Mahratta, excepting those sent to the Board's Office, which were written on paper supplied by the Superintendent of Stationery; and that the new forms principally affected those accounts which had been kept by Curnums on cadjan, or on paper not furnished at the Government expense.

<i>Cost of paper for Village accounts in the same period.....</i>	1,195	5 4
<i>Excess Rs...</i>	115	5 4

4. There has however been a saving of Rupees 1,080 effected in the three Fuslies 1265-66 and 67 by the discontinuance of the Extra Goomastahs usually employed for the preparation of the Jumwabundy accounts, which amount is only Rs. 115-5-4 less than the Saderward expenditure incurred during the same period for the new forms of Village accounts.

5. Under the foregoing explanation, the Board of Revenue recommended that sanction be granted for the charges incurred in Fuslies 1265-66 and 67 in the Nellore District for paper supplied to the Curnums for the preparation of the Village accounts according to the new forms, amounting to Rupees 1,195-5-4.

No. 14. ORDER THEREON, No. 228; dated 19th February 1859.

Under the explanation now afforded, the Right Honorable the Governor in Council sanctions Rupees (1,195-5-4) one thousand one hundred and ninety five, annas five and pice four, being the amount of charges incurred in the District of Nellore for the supply of paper to the Curnums for the preparation of village accounts according to the new forms in Fuslies 1265, 1266 and 1267.

Ex. Mins. Cons. 3rd July 1856, No. 685.

2. The Government desired the Board of Revenue in 1856 to obtain after the close of Fusly 1266 correct returns of the paper consumed in the preparation of the new accounts, and to frame a revised estimate of the annual amount to be

allowed on that account in each District, but from para. 4 of their Proceedings dated 4th November 1858 the Collectors' Returns do not appear to have been as yet furnished. The Board will now again call the attention of the Collectors to the subject and expedite the submission of their general estimate.

3. The Board will carefully revise the Collectors' Returns with the view of striking off all unnecessary Returns and copies of papers. The
* To Board, December 29th 1858, para. 3. Collector of Nellore* states that a copy of No. 5, the Kulwar Chittah, is kept in the Hoozoor. This is quite unnecessary; according to para. 39 of the instructions to Curnums the original Statement is to be finally lodged in the talook Cutcherry, and no other copy is necessary. The Board will therefore direct Mr. Elton to discontinue copying the Statement for the Hoozoor.

No. 9. From F. B. ELTON, Esq., Collector of NELLORE,
dated Ongole, 29th December 1858, No. 212.

With reference to an Extract from the Minutes of Consultation under date the 18th Ultimo No. 1548, communicated by the Board of Revenue for further report regarding the expenditure incurred in the preparation of the New Village Accounts, I have the honor to state that (as already explained in my letter of the 12th November 1857) very few accounts were prepared in this District in Mahratta, in fact only those forwarded to the Board, which were written on paper supplied by the Superintendent of Stationery, no saving could therefore be expected under this head.

2. The new forms affected principally those accounts which had been kept by Curnums on Cadjan, or on paper not furnished by Government.

3. A small amount would indeed have been saved; viz. Rupees 53-8-0 owing to the abolishment of the Dittum, and Rupees 35 by sundry small accounts, previously prepared in the Hoozoor, being provided for in the new forms, and it would have been larger had it not been considered necessary to keep a copy of No. 5 the Kulwar Chittah in the Hoozoor. On the other hand the increased expenditure, estimated at Rupees 96 per annum, for the District Gazette had to be provided for out of it, during part of Fusly 1266, and the whole of Fusly 1267.

4. A considerable saving however of Rupees 360 per annum was effected by the discontinuance of the temporary Goomastahs, usually employed for the preparation of Jummabundy accounts, which for the three years under Notice Fushies 1265, 1866, 1267 would have amounted to Rupees 1080, while the expenditure on account of Sauderward for the New forms of Village Accounts for which sanction is requested is but Rupees 1195-5-4, or Rupees 115-5-4 in excess of the saving effected.

N. B.—The amount is calculated on the previous years estimates for extra establishment.
