No 250

Dated 28 - 2 - 1859

No. 9. Read the following Extracts from the Proceedings of the Board of Revenue, dated 28th January 1859, No. 332.

Read the following letter from the Collector of Chingleput, dated 27th November 1858, No. 354.

(In Con. 28th December 1858, No. 5347.)

In the above letter the Collector requests sanction to advance from his Treasury Rupees 242-3-0 for making 250 lbs. of additional Tamil Long Primer, with English Numerals, Brackets, Dashes, Quadrates, &c., the amount being debited to advances on account of the service of Government and adjusted from the future income of the Press.

2. The Board observe that the Press at Chingleput, has been furnished with the usual supply of Tamil Type, but they see no objection to the surplus income accruing from work executed, being appropriated to the purchase of further printing materials as proposed by the Collector. They therefore recommend that his application be complied with.

No. 10. Extract from the Proceedings of the Board of Revenue, dated 28th January 1859, No. 333.

Read letter from the Collector of Chingleput, dated 22nd December 1858, No. 385, requesting that sanction may be obtained for the disbursement of Rupees 341-4-0, being the amount of the Bill for the English Type supplied to his Office by the Superintendent of the Gazette Press.

(In Con. 28th December 1858, No. 5821.)

Resolved that the foregoing letter with its accompaniment be forwarded to Government with reference to the correspondence noted in the margin, and with the Board's recommendation that sanction be accorded for disbursing the amount above alluded to.

No. 11. ORDER THEREON, No. 250; dated 28th February 1859.

The Board of Revenue submit with their recommendation two letters from the Collector of Chingleput. The first applies for an advance for the purchase of more Tamil type, and the second solicits sanction for the cost of English type already supplied by the Superintendent of the Gazette Press.

2. The Collector's request for an advance of Rupees 242-3-0 for Tamil type would raise the total cost of type for his Press to upwards of Rupees 1,400 as shewn in the margin. This sum is much in excess of the Estimate adopted in other Districts, which amounts to Rupees 956-10-0 for both type and materials. The Government must therefore decline to grant the advance without proof of the necessity of the additional type.

3. With regard to the second request, it is observed that the quantity of type supplied, viz. 287 lbs., materially exceeds the quantity ordered by Government, viz. 250 lbs. Before sanctioning the bill therefore the Government require, both from the Collector and from the Superintendent of the Government Press, explanation of the cause of this deviation from the order.
