Revenue Department

N° 281

Dates 1—3—1859

No. 39. Read the following Extracts from the Proceedings of the Board of Revenue, dated 28th January 1859, No. 325.

Read letter from the Collector of Chingleput, dated 24th December 1858, No. 389, applying for an additional Iron Press.

(In Con. 28th December 1858, No. 5857.)

Resolved that the above letter be submitted for the orders of the Right Honorable the Governor in Council.

2. The Board believe that Mr. Shubrick has as yet been supplied with but one Press (and that a wooden one) under the orders of Government, dated 30th April 1858, No. 552, R. D., but they are of opinion that to enable him to accomplish his Printing work effectively, it is essential he should be supplied with an Iron Press also, similar to those forwarded to other Districts; they accordingly recommend that he may be furnished with one as early as practicable. Meanwhile they would repeat the suggestion contained in para. 5, viz. that a Roller Press should be supplied, as the Iron Press may not be immediately procurable.

In Cons. 12th May 1858.

(A true Extract.)

(Signed) J. D. SIM, *Secretary.*

No. 40. Extract from the Proceedings of the Board of Revenue, dated 21st February 1859, No. 658.

Read letter from the Collector of Chingleput, dated 10th February 1859, No. 29.

(In Con. 14th February 1859, No. 569.)

Submitted for the information and orders of Government.

2. The Board were not aware that Mr. Shubrick had a Roller Press when, in their Proceedings 28th January 1859, No. 325, they suggested the supply of one to his office.

(A true Extract.)

(Signed) J. D. SIM, *Secretary.*

No. 41. ORDER THEREON, No. 281; dated 7th March 1859.

In their first Proceedings above recorded the Board of Revenue recommend that an Iron Press should be supplied to the Collector of Chingleput in addition to the Wooden one already in use in his office, and that till this could be done, an Iron Roller Press should be allowed; with their second Extract they submit a letter from the Collector stating that he has already got a Roller Press, and does not need another of that kind; but that an Iron Press is much wanted, as his Wooden Press is old and is constantly needing repair.

2. The Government had passed orders as first requested, when the second communication was received. They now find that there is a new Iron Press in the Government Gazette Press, which can be spared for the present. And they accordingly authorize its transfer to the Collector of Chingleput. Sanction is also granted for Rupees (535-8) five hundred and thirty-five and annas eight the cost of this Press, to be paid to the Superintendent of the Gazette Press who will take measures to procure another in lieu of it.

(Signed) J. D. BOURDILLON,
Secretary to Government.

In Con. 14th February 1859, No. 569.

From C. J. SHUBRICK, Esq., Collector of CHINGLEPUT,

dated Carangooly, 10th February 1859, No. 29.

With reference to Extract from the Board's Proceedings No. 325 of the 28th ultimo, suggesting that a Roller Press might be supplied to me in the event of the Government not having an Iron Press immediately available, I have the honor to bring to their notice that I already have a Roller Press, and that I do not think another Press of the same kind would be a sufficient substitute to me for an Iron Press. A Roller Press is only fitted for printing papers of small size, whereas I require a Press for striking off the large forms of Accounts and Statements required by the Board, the Accountant General, the District Engineer, the Civil Judge, the Talook Tahsildars &c., &c., and for which a Roller Press would be unequal. My present Wooden Press is in very indifferent order, and has required to be repaired 4 times in $2\frac{1}{2}$ months. I am therefore afraid, if it gets seriously out of order, or requires more repair than can be speedily effected, my printing may be altogether stopped. It is to meet this contingency and to effect the larger kinds of printing that I would again urge upon the Board to procure me an Iron Press. I already strike off more than 300 copies of my District Gazette, and new subscribers are being added every day. Perhaps if the Government are unable to supply me with one of their own Iron Presses, the Board might procure me their permission to purchase one at any of the Mission Presses, or wherever I may find one for sale.

No. 658.

EXTRACT from the PROCEEDINGS of the BOARD of REVENUE, dated 21st February 1859.

Read letter from the Collector of Chingleput, dated 10th February 1859, No. 29.

(In Con. 14th February 1859, No. 569.)

Submitted for the information and orders of Government.

2. The Board were not aware that Mr. Shubrick had a roller press when, in their Proceedings 28th January 1859, No. 325, they suggested the supply of one to his Office.
