No. 35. Read the following Extract from the Proceedings of the Board of Revenue, dated 26th February 1859, No. 267.

Read letter from the Collector of Madura, dated 9th December 1858, No. 267.

(In Con. 28th December 1858, No. 5597.)

Resolved that the foregoing letter and its enclosure be submitted for the orders of the Right Honorable the Governor in Council.

2. In his letter, dated 26th October 1855, the Collector reported that he had authorized the employment of six persons on a monthly salary of 2 Rupees each for measuring cultivation in the Tenkurray Talook, in consequence of the refusal of the Tundulgars and Toties to do the work, for the very sufficient reason that they derived no remuneration from their offices, as the Cultivators of their Inams lands evade payment of the rents due to them, or the lands themselves are worthless. Mr. Parker at the same time pointed ont that a heavy loss of Revenue was likely to occur if the cultivation was not at once measured; and that the Maniem attached to their office, is so small that it would be impossible to get the duty done by turning out the recusants, and putting in others without assigning some other remuneration.

In Cons. 19th November 1855.

3. Under these circumstances, the Board approved of the proceedings of the Collector in this respect, and directed the inclusion of the charge on that account in the Statement of Actual Charges for Fusly 1265, which was accordingly done, and which received the sanction of Government on the 9th February 1857.

4. As the Collector now reports that the Civil Auditor objects to pass the pay of the persons in question for the month of July last without renewed sanction, and as their services are absolutely necessary, the Board recommend that authority be granted for the continued employment of these servants, pending the contemplated revision of the Establishment of the Tenkurray Talook, or until the existing difficulty in the way of obtaining the work from the village Establishment shall have been otherwise removed.

5. The Board will call the Collector's attention to para. 2 of their Proceedings of 19th November 1855, on his predecessor's letter of the 26th October 1855 above referred to.

In Cons. 19th November 1855.

No. 36. ORDER THEREON, No. 407; dated 26th March 1859.

The Board of Revenue request the sanction of Government for the continued employment of six persons on a monthly salary of Rupees 2 each engaged by the Collector of Madura in Fusly 1265 for measuring cultivation in the Tenkurray Talook. These persons are said to have been entertained in consequence of the refusal of the Tundulgars and Toties to do the work, on the ground that the cultivators of their Inam lands evade payment of the rents due to them, or that the lands themselves are worthless.

2. The Government have no information before them as to whether these individuals are required for the entire talook or only for a few villages; nor is there any explanation given why the lands of the Tundulgars and Toties who refused to do duty were not at once attached preparatory to incorporation with the Iyen lands. In the cases in which the lands were worthless, the Collector should have adopted measures to give them other land in exchange under the orders of Government noted in the margin. The Board will be good enough to submit information on the subject.

2d October 1850. *Board's Circular 10th October, page 538 of the Circular Order Book, Vol.* 1.

3. Meanwhile, the Government authorize the Civil Auditor to pass the charge not exceeding Rupees (12) twelve per mensem up to Fusly 1268 inclusive.

Secretary to Government.
