G. O. No. 511.

Dated. 12. 4. 1859.

Not to be roughly handled or folded.

Fort Saint George, Revenue Consultation of 12th April 1859.

No. 69. Read the following letter from J. D. SIM, Esq., Secretary to the Board of Revenue; to J. D. BOURDILLON, Esq., Secretary to Government Revenue Department; dated Fort Saint George, 14th March 1859, No. 873.

SIR,

I am directed by the Board of Revenue to state for the information of Government that their printing work has increased to so great an extent that the two Rollers and Iron Presses which they have on hand, are found insufficient, they are therefore desirous of procuring from England an additional Press. It would be desirable that this new Press should be a Royal Columbian one capable of striking off a form of eight pages a royal octavo, as well as large Statements and Tabular Forms; a further supply of type is also found to be necessary. Sundry deficiencies have likewise to be supplied, and other articles procured, which would be convenient and useful in a Printing Office. Under these circumstances the Board request authority to incur a further expenditure of about twelve hundred Rupees, on account of their Printing Department, to enable them to obtain from England an Iron Press of the required kind, together with an additional quantity of type and other printing materials.

2. Government are aware that since the establishment of the Board's Press a saving of Rupees 216 on an average monthly has been effected in the item of Printing Circulars.

No. 70. ORDER THEREON, No. 511; dated 12th April 1859.

Ordered to be recorded; the Government having in Extract Minutes of Consultation Public Department dated 6th April 1859, No. 526, ordered the transfer of the Revenue Board Press to the Government Printing Office.

(Signed) J. D. BOURDILLON,
Secretary to Government.
