Read also letter from the same Officer, dated 16th February 1859, No. 17, submitting a Statement shewing the details of charges for five years in the Salt and Abkary, &c. Departments.

(In Con. 17th February 1859, No. 632.)

Resolved that the foregoing letter and the enclosure of the second be submitted for the information of Government, with reference to Extract Minutes Consultation dated 9th October 1858, No. 1369, Revenue Department.

2. It will be seen from the detailed Statement furnished by the Collector (an abstract of which is entered in the margin) that while the Actual Charges incurred in the Salt and Abkarry &c. Departments of the Madras Collectorate from Fusly 1261 to Fusly 1265 have greatly increased, there has been a proportionate advance in the Revenue derived from these sources.

3. The Collector explains that the increase in the charges in the years selected for comparison is owing to the more extensive manufacture of Salt, and distillation of Putta Arrack, and the dearer rates at which materials for the latter were purchased.

4. The increase in the charges for June, the Collector states, was occasioned by the larger reception of Salt in that month, and the refunds usual at the end of the year in the Abkarry Department.

5. The charges for the whole year amounted to Rupees 2,10,416-9-7, and give an average of Rupees 17,534 monthly, the average Rupees 15,010 made by Government being only for 11 months.
