With an Order
 N^o 567. 21st April 1859

Precis of the Correspondence relating
 to the claim of Government against Mr.
 Kenrick and Co.

Board's Proceed-
 ings dated 17th
 November 1858

The abhorry of the entire
 District of Chingleput was farmed to Mr. J. H.
 Kenrick for the three fushes 1262, 1263, and
 1264. The firm of Kenrick and Co. undertook
 in proper form the payment of the debt of
 Rupees 4,3818-15-10 due from the renter, but
 they failed to do so by 11th September 1855
 the date stipulated, and proposed monthly
 by instalments of 700 Rupees; an arrange-
 ment which the Board declined to ac-
 cept. In February 1856 the debt was reduced
 to Rupees 30,27-9-8 by carrying to account
 the company's paper and cash in deposit.
 The Board in January 1856 accorded a
 further period of three months for the pay-
 ment of the money but in this also the
 firm failed, though immediately after-
 wards they paid 4,000 Rupees and
 offered to make good the remainder by
 quarterly

quarterly instalments of Rupees 3500.
The Board acceded to the proposal,
waived the claim of Government to interest
and informed the firm through the Col-
lector that failure to discharge any of the
instalments would necessitate the insti-
tution of legal proceedings. The firm
failed to pay the second instalment
and the case was sent up to Government
by the Board for permission to place them-
selves in communication with the Soli-
citor to commence Proceedings. The balance
at this time amounted in round num-
ber to Rupees 22700. The Government from
unwillingness to proceed to extremities
against the renter desired the Board to
fix a date for the payment of the instal-
ment then due and to require the firm
to enter into satisfactory arrangements
for liquidating the balance with distinct
understanding that no further indulgence
will be accorded. The Board were
authorized at the same time to place them-
selves in communication with the

Government Solicitor in the event of
any failure under the fresh arrangements.
In Extract Minutes Consultation
dated 7th January 1857, the Board were
requested to submit any proposal the
firm might have made for the payment
of the debt.

Board Meeting 2
dated 12th Sept 57

The Board reported that
Messrs Kenrick and Co have offered to
liquidate the balance by monthly pay-
ments of 500 Rupees for the next six
months, of 700 Rupees for the six follow-
ing months and of 1000 Rupees after-
wards until the debt is finally
cleared, these instalments being
preceded by an immediate pay-
ment of Rupees 1000. The Government
sanctioned the acceptance of these
terms which were recommended
by the Board.

Subsequently the Govern-
ment having understood that the
firm had failed, desired the Board
to take steps for having the claim
of the Government registered against

the Estate. The Board forwarded
a copy of the Government Solicitor's
letter stating the improbability of
realizing the debt and the Govern^t C. M. 6 29th May
ment desired to know what the ^{1858 12158}
balance was, which the Board report. Proceeding
ed to the Raffles 19237-98, the Govern^t 28th June 1858 no 2209
ment expressed their unwillingness ^{1858 10 July}
to have any legal course under which ^{1858 10 July}
the whole or a portion of the large
sum can be recovered, ~~and~~ and
desired Mr. Boyson to report on
the subject fully after consulting
the Advocate General. This report ^{Letter dated}
was received and it stated ^{21 July 1858}
clearly that there was not the
slightest probability of ever realizing
one Anna on account of the Honorable
Company's claims against Messrs. Hurick
& Co. and this paper was ordered to be ^{C. M. 6 17}
recorded. ^{August 1858}
