4. The Governor in Council is glad to observe that, including the orders which have been omitted from the list, the aggregate of unanswered references at the close of 1858 was 77, being 16 less than the first half of the year and 33 below the arrears on the 31st December 1857.

(Signed) J. D. BOURDILLON,
Secretary to Government.

In Extract Minutes of Consultation 19th June 1858, No. 848, and again in order dated 8th October 1858, No. 1363, the Board's attention was called to these references.

The Report referred to has been long delayed. It should be sent up with the views of the Board without further loss of time.

The Governor in Council observes that the general Statement of lapsed Enams appears to be delayed for returns from the Districts of Kurnool and Nellore.

The revision of the new rates of assessment having been completed, the transfer of the villages alluded to should be made without delay. If this is not done, explanation should be afforded.

The early attention of the Board is requested to these references.

The last letter on the subject of this order appears to have been from the Collector of Bellare and dated as far back as January 1858. Since which time nothing seems to have been done.
