IN CON. 18TH March 1859, No. 1112.

From H. NEWILL, Esq., Director of Revenue Settlement,

dated South Arcot, 15th March 1859, No. 247.

1. In reply to the Board's communication of 12th instant, requesting me to afford the explanation called for in para. 3 of Extract Minutes of Consultation, 28th February 1859, No. 257, regarding my recommendation for a Survey party of the larger scale estimated by Captain Priestley for 15 Talook; while those already surveyed in South Arcot and Trichinopoly are stated by Government to be only 5, I have the honor to observe that as described in paras. 2 and 8 of my letter submitting the application, the extent of waste lands unsurveyed in detail in the experimental Survey is great and considerably more than will be left under the present plan of operations, which Captain Priestley had in view in preparing his Estimates. The Surveyed Talooks are 2 in South Arcot, 3 completed in Trichinopoly besides the remaining ones on the North of the Cavary in progress.
2. With reference to para. 4, I may state that the mode of proceeding has been fully rectified as regards the perpetuation of the Survey according to existing boundaries.
3. I will communicate with the Superintendent of Revenue Survey on the subject of para. 2 of the Extract Minutes of Consultation above alluded to.
