Collector of Bank Arrears
Leave for one year on Indefinite Absence
Date of Report 16th May 1859
Purpose Urgent Private Affairs

I have the honor to report for the information of the Governor General that Charles Whittingham Esqr. Collector of Bank Arrears has applied for leave of absence for one year on Indefinite Pay on account of urgent private affairs requiring his presence in England.

I do hereby certify that according to the best of my professional judgment, after careful personal examination of his case I consider the state of health of C. Whittingham Esqr. to be such as to render leave of absence for a period of 15 months highly desirable for his recovery.

Mercurial alteratives with tonics were given, locally a small quantity of blood was abstracted, which appeared rather to do harm than good, and counterirritation was employed. After a time feeling better he went into the district of Ramnalumdy. It was not long before the pain returned in a more aggravated form, extending into the thighs and in addition to the former symptoms he complained of almost total loss of sleep, requiring the exhibition for a time of narcotics. This relapse might be attributed to the great heat of May & June intents, the worry of business and annoying circumstances giving rise to much anxiety of mind. Indeed so much did he seem to be suffering that I urged upon him the propriety of relinquishing business altogether for a time. This he was very unwilling to do, and with relief from anxiety, and a change to the cooler climate of Kalmanair, the pain depended

and the general health improved. He also thought he derived much benefit from the continued use of Iodine Rubbing the skin over the sternum tender, and the taking of Quinine for a lengthened period.

Mr. Whittingham has never however lost entirely the pain. We always had the sense of it, although for days it might not trouble him much, but at times returning in great severity, especially observable when the liver was deranged, or anything occurred to produce anxiety of mind. With the returning hot weather he has been complaining more. He has fallen off in flesh; the functions of the chylopoietic viscera are impaired; he is obliged to have more frequent recourse to aperient medicine to keep the bowels in order and he feels that the inability to ride or walk for any distance, interferes with his duty on Ramnalumdy. Considering the length of time he has

suffered, the little exercise he can take and the consequent tendency to derangement of the health, and his long residence in India, I think a return to Europe for fifteen months highly desirable, and have granted him the following official certificate.

I. H. C. Harper, Civil Surgeon Chittoor, do hereby certify that Charles Whittingham Esqr. of the Civil Service is in a bad state of health, and solemnly and sincerely declare that according to the best of my Judgement, a change of air is essentially necessary to his recovery, and do therefore recommend that he may be permitted to proceed to Europe.
