No. 6. ORDER THEREON, 23rd July 1859, No. 985,

This paper purports to be a Statement of the Collections in Fusly 1268, to the end of June 1859, but it wants the details and explanations given in the usual monthly Statements. not enquiring the cause of this omission, the Governor in Council learns that this Statement is On based on the usual monthly returns from the Districts, many of which are still not received, but in great part on messages by Telegraph.

2. The Government have again and again endeavoured to obtain this monthly Statement in suitable time; but unfortunately, without success. They now resolve to call on the Board to report the defaulting Districts on the present occasion, and also to explain the cause of this protracted delay. It is observed that the Statement professes to give nothing but the mere Collections, a fact certainly known for each Talook on the evening of the 30th June. No reason appears why it should not be filled up in each Talook on the 1st July, or even the evening of the 30th June, be despatched immediately to the Collector's office, and thence to the Board on the 5th at latest. With due diligence the Statement might certainly be placed before Government without fail on the 15th of the month, as anticipated when the form of Statement was revised and simplified; and the Government will not be satisfied till this becomes the ordinary routine.
