No. 11. *PROCEEDINGS of the MADRAS GOVERNMENT.*

Dated 25th July 1859. *No.* 988.

It has been brought to the notice of Government that the printing for the office of the Board of Revenue has been doubled in quantity since its transfer to the Government Press; and that it is now far beyond what the material then transferred from the Board's office is adequate to meet. The cause of this increase appears to be that voluminous figured Statements of mere local or temporary interest are now sent to the press to be printed in full, whereas it is stated that such papers were formerly either wholly omitted, or printed only in abstract. Papers of this nature are never brought on the records of the Government office, and it appears undesirable to encumber those of the Board with such matter. The Governor in Council resolves now to call the Board's attention to the subject, and to request them to take measures to lessen the bulk of their recorded Proceedings, as has recently been done with success in the Government office.
