Proceedings of the Madras Government, Revenue Department, from 23d to 29th July 1859.

No. 22. Read the following letter from H. NEWILL, Esq., Director of Revenue Settlement; to J. D. BOURDILLON, Esq., Secretary to Government Revenue Department, Fort St. George; dated 22d July 1859, No. 653,

I have the honor to state for the information of Government, that cholera is much impeding the survey operations in Rajahmundry, as described in the following extract from a letter* from the Superintendent of Revenue Survey.

* *dated 20th July* 1859.

5. "The copy of a letter from Captain Crewe, which accompanies this communication, "explains, that great delay and alarm has been caused by the breaking out of cholera. Since "the arrival of the letter alluded to, I have received intelligence that some more of the Survey "Establishment have fallen victims to the disease, and that very great difficulty is experienced "in inducing the people to attend and assist in the measurement of the villages."

6. "To this is attributable the great number of days lost by the non-attendance of villagers "(80$\frac{3}{4}$) being nearly double that thus accounted for in May (44$\frac{1}{2}$)."

2. This epedimic exists also in the Masulipatam District, and both the Survey and Settlement Departments in both Districts are affected by it.

3. Under these circumstances, I trust the Government may be pleased to direct immediate arrangements for supplying Dressers to the survey parties in Rajahmundry and Masulipatam, for which no provision has yet been made by the Director General Medical Department.

No. 23. ORDER THEREON, 25th July 1859, No. 994.

Referred to the Director General of the Medical Department with reference to the order of the 4th May 1859, No. 912; and with the request that he will without delay make such arrangements as may be in his power to meet the necessities of the case stated by Mr Newill.

(Signed) J. D. BOURDILLON,
Secretary to Government.
