Revenue DEPARTMENT.

G.O. No. 995 Press / Mis.

Dated 29th July 1859

***Not to be folded or roughly handled***

995

*Proceedings of the Madras Government, Revenue Department, from 23d to 29th July 1859.*

No. 24. Read the following letter from W. HUDLESTON, Esq., Sub-Secretary to the Board of Revenue; to J. D. BOURDILLON, Esq.. Secretary to Government; R. D. dated 4th July 1859, No. 2613.

*In Con. 10th May 1859, No. 2117.*

With reference to para. 4 of the Proceedings of Government, dated 9th May 1859, No. 638, in the Revenue Department, I am directed by the Board of Revenue to report that the Collector of Coimbatore is of opinion that great good has already resulted from the Mulcer Farm, and he strongly recommends that he should be allowed to expend the remainder (Rupees 304-1-7) of the sum (Rupees 1,550) originally sanctioned for the experiment. Mr. Thomas promises to exercise, as heretofore, a careful watch over the expenditure, and the Board do not doubt that Government will willingly permit the slight additional expense involved in this application which they beg leave to support.

2. They doubt indeed whether Government had any intention of prohibiting the expenditure of this small balance of the original sanction, but the question having arisen, they think it best to refer it for the decision of Government.

---

No. 25. ORDER THEREON, 26th July 1859, No. 995.

* *May 9th, No. 638, para. 4.*

The order of Government* contemplated a much more full and deliberate report than that now submitted. As the Conservator of Forests is believed to be about shortly to visit the Annamalies, the Governor in Council resolves to request his opinion as to the effect of the measures designed for improving the Mulsars, and the expediency of continuing those measures.

(Signed) J. D. BOURDILLON,
*Secretary to Government.*

IN CON. 3RD JUNE 1859, No. 2546.

From E. B. THOMAS, Esq., Collector of COIMBATORE,

dated Ootacamund, 30th May 1859, No. 83.

With reference to the Proceedings from the Board of Revenue, dated 12th instant, No. 1731, communicating Proceedings of the Madras Government, No. 638 of 9th idem, I beg to state that the original grant of the small sum of Rupees 1,550, which has been very carefully husbanded, has, without doubt, done much good, and I would strongly recommend its full expenditure as per sanction—the progress of such rude classes, *must* necessarily be slow—the expenditure will be carefully watched.

No. 2613.

From W. HUDLESTON, Esq., Sub Secretary to the Board of Revenue.

To J. D. BOURDILLON, Esq., Secretary to Government, R. D.

Sir,

In Con. 10th May 1859, No. 2117. With reference to para. 4 of the Proceedings of Government, dated 9th May 1859, No. 638, in the Revenue Department, I am directed by the Board of Revenue to report that the Collector of Coimbatore is of opinion that great good has already resulted from the Mulcer Farm, and he strongly recommends that he should be allowed to expend the remainder (Rupees 304-1-7) of the sum (Rupees 1,550) originally sanctioned for the experiment. Mr. Thomas promises to exercise, as heretofore, a careful watch over the expenditure, and the Board do not doubt that Government will willingly permit the slight additional expense involved in this application which they beg leave to support.

2. They doubt indeed whether Government had any intention of prohibiting the expenditure of this small balance of the original sanction, but the question having arisen, they think it best to refer it for the decision of Government.

No 2613

No 995 26th July 1859.

Reporting that the Collector of Coimbatore is of opinion that great good has already resulted from the Mulcer Farm in Anamalay and supporting his recommendation for expending the remainder of the sum originally sanctioned for the experiment-

With an order

× May 9 1638 Para 4

The order of Government contemplated a much more full and deliberate report than that now submitted. As the Conservator of Forests is believed to be about shortly to visit the Annamalies the Governor in Council resolves to request his opinion as to the effect of the measures designed for improving the mulsars, and the expediency of continuing those measures.
