Dated 17— 6— 18 59	

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, from 11th to 17th June 1859.

No. 49. Read the following letter from G. N. TAYLOR, Esq., Inam Commissioner; to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department; dated Madras, 9th June 1859, No. 54.

As a Government Seal engraved with the Royal Arms, and other official Seals of approved device and good fabric, will be required for immediate use in my Department, I have consulted the Mint Master on the subject, who is good enough to undertake the execution of the work as speedily as other demands upon his establishment will permit.

2. At the head of every grant or title deed for land confirmed to the holder I propose to affix the Government Seal being simply the Royal Arms and motto, similar in size to that used by the Chief Secretary. The impressions however must be stamped on the paper itself, by means of a Fly Seal, or lever press, or any other suitable instrument which, in Major Orr's opinion, can be more expeditiously completed.

3. I have the honor to request the sanction of Government for the manufacture at the Mint of this and the other hand seals of the ordinary kind, required for office purposes. Diagrams are given on a separate paper; No 2 will be stamped on all documents which pass through my office, and No. 3 is intended for labels for envelopes, and general use.

No. 50. ORDER THEREON, 17th June 1859, No. 796.

The Governor in Council authorizes the Inam Commissioner to have made at the Mint, Seals Nos. 2 and 3, as well as a large Seal and a press for Sealing the Inam title deeds. With regard to the device of this last Seal, the Government are of opinion that it should be simply the royal arms surrounded by the words "Governor in Council of Madras." This Seal will remain in the Government office, and the title deeds will be sent there to be sealed.

(Signed) J. D. BOURDILLON,
Secretary to Government.
