No. 17. Read the following letter from P. GRANT, Esq., Collector of Malabar; to J. D. BOURDILLON, Esq., Secretary to Government, dated Calicut, 6th June 1859, No. 45.

To Commissioner for the Government of the Territories of H. H. the Rajah of Mysore, No. 722 dated 28th Ultimo.

With reference to your letter, No. and date as per margin, communicated by Board under date the 30th Ultimo, I have the honor to inform you that Mr. Thomas' services are no longer at my disposal, as he is Acting Subordinate Judge.

2. It will also, I beg to state, be impossible for any one to go into the jungles now, as the monsoon has set in, and there are no habitations in the localities to be marked by boundary stones. Under present circumstances tents are out of the question, they could only be carried on Elephants and once thoroughly wet, could not be pitched a second time.

3. I would submit that the putting up the boundary stones should be deferred, until the monsoon is over.

No. 18. ORDER THEREON, 27th June 1859, No. 846.

Under the circumstances represented the Government approve of the work of setting up the boundary stones between Mysore and Malabar being deferred until the monsoon is over. A communication to this effect will be made to the Commissioner of Mysore, who will be requested to arrange with the Collector of Malabar both as to the exact time for the performance of this duty and the agency to be employed in it.

With reference to my letter of the 28th May 1859, I am desired to forward copy of one from the Collector of Malabar, and to state that under the circumstances therein represented, this Government have directed that the work of setting up the boundary stones between Malabar and Mysore shall be deferred until the monsoon is over.

2. The Governor in Council requests that you will arrange with the Collector of Malabar both as to the exact time for the performance of this duty and as to the Agency to be employed in it.
