899

No. 53. Read the following Extract from the Proceedings of the Board of Revenue, dated 9th June 1859, No. 2151.

Read letter from the Collector of Canara, dated 6th April 1859, No. 55.

(In Con. 13th April 1859, No. 1655.)

With the foregoing letter the Collector submits for sanction two bills for articles purchased from the German Mission for his press, one amounting to Rupees 65-15-6 and the other to Rupees 131-11-4. He also requests authority for a further outlay of 150 Rupees for the purchase of English Pica type required for the Gazette Proclamations, &c. The total sum for which sanction is required is Rupees 347-10-10, and the Board recommend that it may be accorded. Many of the articles purchased from the Mission, it was expected, would have been supplied with the press and were not therefore included in the estimate originally submitted for sanction.

2. The Collector states, with reference to the remarks of Government in Extract Minutes Consultation, dated 4th November last, R. D., No. 1491, that a lithographic press will be useful and valuable in Canara, for the purpose of striking off forms and circulars, and in preparing plans and other works for the Engineer's office. He has accordingly set up a lithographic, instead of a second typographic press. He also explains that the Goomastah entered in his Statement is not employed in keeping the accounts of the press, but in writing forms and circulars on transfer paper, and otherwise assisting in working the lithographic press.

In Con. 23d Nov. 1858, No. 5062.
