Proceedings of the Madras Government, Revenue Department,
11*th October* 1860.

No. 179. Read the following Proceedings of the Board of Revenue, dated 19th September 1860, No. 4,256 :—

Read Proceedings of Government, dated 11th April 1860, Revenue Department, No. 555 (In Cons., 12th April 1860, No. 1,644.)

1. In paragraph 19 of the above Order of Government, the Board were instructed "to "investigate every instance in which the Collector's Kachéri is divided between two places or "in which a Collector's Treasury is apart from his Kachéri, and to report how such a state of "things can be remedied in each case."

2. *Ganjam.*—In *Ganjam* there are two Treasuries, the chief one at Chitterpur, and the other at Chicacole. The former is the station of the Kachéri: its insecurity was reported in paragraph 2 of the Board's Proceedings, dated 21st October 1858, No. 3,974. The propriety of moving the Treasury of the Wadádá Táluq to Chicacole, and thus dispensing with the branch Treasury at the latter place is now under consideration, and will be separately reported on with reference to the Order of Government, dated 25th May 1860, No. 235, Financial Department.

In Cons., 31st August 1860, *No.* 2,559.

3. *Vizagapatam.*—In *Vizagapatam* the Treasury is in a detached building at some little distance from the Kachéri. The latter building does not belong to Government, and, the Collector says, cannot be purchased; so that it would not be advisable to enlarge it at the expense of Government. The only other method of uniting the Treasury and Kachéri is by erecting a fresh building; the expense of doing this was estimated in 1841 at Rupees 20,000. The Board request the Collector to report whether a lease could not be obtained for the Kachéri for such a term of years as would render it advisable for Government to enlarge the building rather than erect a new one, and to state approximately what would be the expense of this arrangement. The lease should not be for less than 20 or 30 years, with the option of renewal and liberty to make additions to the building. Meanwhile, as the Treasury must be secure from its proximity to the Main Guard, and as no material inconvenience seems to be experienced from its being apart from the Kachéri no remedial measures are immediately necessary.

4. *Bellary.*—In *Bellary* the Treasury is about three-quarters of a mile from the Kachéri and is located in the Fort. No change can be effected at present, or indeed is required so long as the Fort is kept up.

5. *Kurnool.*—The Treasury at *Kurnool* is situated in the Fort, at a distance of nearly two miles from the Kachéri; an arrangement which is neither convenient nor safe. The Acting Collector has made a room in the latter building available for the custody of the treasure, but additional accommodation is necessary, and the best mode of supplying this will be by constructing a detached Record room. This, it is believed may be done for about 1,000 Rupees, and the rooms now occupied by the Native Record Department may then be converted into a Treasury. As Kurnool seems on the whole to be the best place for the Head Quarters of the District, the Board recommend that the Chief Engineer be instructed to take the necessary measures for the construction of the additional building required. Meanwhile the treasure will be kept in the Kachéri as proposed by the Collector.

6. *Tanjore.*—The *Tanjore* Treasury which used to be at Tranquebar has been removed to Tanjore under the Order of Government, dated 26th April 1860, Revenue Department, No. 649.

In Cons., 27th April 1860, *No.* 1,939.

7. *Salem.*—The *Salem* Kachéri has hitherto been located at Oossoor and the Treasury was at Salem itself. Both are to be united at the latter place under the Order of Government, dated 8th August 1860, Revenue Department, No. 1,321.

In Cons., 9th August 1860, *No.* 3,909.

8. *North Canara.*—In *North Canara* fresh Offices will be required, and the Collector promises a separate report on the subject.

Proceedings of the Madras Government, Revenue Department, 11th October 1860.

9. *Malabar.*—In *Malabar* there are two Treasuries, the principal at Calicut which is the Collector's station, and a subordinate one at Tellicherry. The abolition of the latter is now under consideration with reference to the Order of Government, dated 25th May 1860, Financial Department, No. 235.

In Cons., 31st August 1860, No. 2,559.

10. *Kistna District.*—The Collector of the *Kistna District* has not yet replied to the Board's Circular; his reply when received will be separately submitted.

Nellore.	*Trichinopoly.*	11. In the other Districts the Collectorate Treasuries are either in the same building as the Kachéries or in detached buildings within the same compound, and no changes are required.

No. 180. ORDER THEREON, 11th October 1860, No. 1,841.

1. This is the Board's reply to the Order of April 11th 1860, No. 555, calling for a report as to the best means of uniting the Collector's Kachéri and Treasury, in every case in which they are now separate.

Ganjam.	*Salem.*
Vizagapatam.	*North Canara.*
Bellary.	*Malabar.*
Kurnool.	*Kistna District.*
Tanjore.	

2. It appears that the state of things referred to in the order existed at that time in one form and degree or another, in the nine Districts noted in the margin.

Of these a remedy has already been applied in Tanjore and Salem, by bringing together the Collector's head quarters and the Treasury;

In Bellary, it appears that little inconvenience is felt, the Kachéri and Treasury being only three-quarters of a mile apart, and no change seems expedient at present.

At Kurnool a new room is required, and the Chief Engineer will be requested to submit the necessary Plan and Estimate.

From the Kistna District no reply has been received, and the Acting Collector's attention will be called to the long delay.

3. The Government await the report promised in paragraph 2 regarding the abolition of the branch Treasury at Chicacole; also a further report on the proposed arrangements at Vizagapatam referred to in paragraph 3; and the report on the abolition of the Treasury at Tellicherry referred to in paragraph 9; also respecting the Collector's Kachéri in North Canara.

Secretary to Government.
