Proceedings of the Madras Government, Revenue Department,
 16th October 1860.

No. 251. Read the following Proceedings of the Board of Revenue, dated 20th August 1860,
 No. 3,809:—

Read letter dated 26th July 1860, No. 175, from the Acting Collector of North Arcot,
 forwarding a revised statement of land taken up on account of Trunk Road No. 11, and of the
 compensation due thereon.

(In Cons., 1st August 1860, No. 3,747.)

1. Resolved that the letter above recorded be submitted for the Orders of the Honorable
 the Governor in Council.

2. The total extent of land taken up
 for the road is K. 53, A. 1, Ch. 6, of Punja
 assessed at Rupees 86-8-4. It con-
 sists of two portions, one of which was
 taken up in Fasli 1263, and the other in
 Fasli 1264; and, consequently, compensa-
 tion has to be granted for loss of assess-
 ment for 7 on the former, and for 6 years
 on the latter, amounting in the aggregate
 to Rupees 597-12-7.

3. The land above-mentioned belongs
 to the Kallúr Polliam of which a Peshkash
 of Rupees 4,138-4-10 is now paid to Go-
 vernment. As the Poligar will have to
 assign fresh lands to the Inámdárs in lieu
 of those which have been appropriated by
 Government, the Board recommend that in
 addition to the money compensation above
 stated, the Collector be authorized to remit
 Rupees 86-8-4 permanently out of the
 Peshkash of the Polliam, so that its future
 amount shall be Rupees 4,051-12-6. It
 will be seen from paragraph 5 of the Acting
 Collector's letter that the original Pesh-

kash included only the quit-rent payable on the Ináms.

4. The difference between the quit-rent and the full assessment, which is in fact the Inám,
 should be disbursed out of the sum recommended for sanction in paragraph 1 of these Proceedings
 to the Inámdárs by the Collector, who should also take care that a suitable equivalent in lands is
 granted to them on the same terms by the Poligar.

5. The sum recommended by the Collector, the Board remark, does not seem to include
 any compensation to the Inámdárs for private improvements and losses, and in reality provides
 only for remission of the assessment of the land or the Government share of profit. The Collector
 will report further on this point.

6. The discrepancy in the extent of the land taken up by Government as now reported, and
 as alleged in Mr. Wittingham's letter of the 16th October 1856,
 In Cons., 7th January 1857. is accounted for by the statement that some additional land appro-
 priated for the road, is included in the present return, which was
 not entered in that of 1856. No explanation is offered as to the reason why it was not then
 entered, but as the Collector mentions that the present statement has been checked by a careful
 comparison with the Survey account in the Office of the District Engineer, the Board accept it
 as authentic, particularly as the settlement of the compensation has already been very long
 deferred.

ORDER THEREON, 16th October 1860, No. 1,878.

1. With these Proceedings, the Board of Revenue submit a revised statement from the Acting Collector of North Arcot, of land in the Kallur Polliam in that district taken up for Trunk Road No. 11.

2. The total extent of land so taken up is K. 53, A. 1, Ch. 6 of Punja divided as follows, and assessed at Rupees 86-8-4:—

Taken in Fasli 1263.							Taken in Fasli 1264.						Total.

and the compensation due, as shown in the

and the compensation due, as shown in the statement, amounts in the aggregate to Rs. 597-12-7.

3. On the recommendation of the Board, the Government grant authority for remitting Rupees 86-8-4 permanently out of the Peshkash* of the Polliam, and for fixing its future amount at Rupees (4,051-12-6) four thousand and fifty-one, Annas twelve and Pice six.

4. With regard to compensation for the past it is observed that in Mr. Wittingham's letter to the Board dated October 16th 1856, the land which is now stated to have been taken for the road in Fasli 1263, was stated to have been taken in Fasli 1264, after the crops had been cut, and it was expressly mentioned that the payment of compensation was to commence from Fasli 1265. The Board will point out this discrepancy to the Acting Collector, and they will ascertain when that land as well as the additional land now reported, was really taken, and will direct disbursement of the compensation accordingly, reporting the result for the information of Government.

5. No payment, it is observed, is proposed to be made for the Porambok land included in the statement. If this Porambok consists of immemorial waste which the owner of the Estate is entitled to gain a profit from. The Government are of opinion that the Proprietor is entitled to compensation for such land also at its actual value whatever that may be. As to the mode of determining this compensation, it appears to the Government desirable that the Collector should come to terms about its value by direct correspondence with the Proprietor or by arbitration; and when the value is settled it can be paid in money once for all, or a suitable reduction made in the Peshkash, if the Proprietor prefers that method. The Board will instruct the Acting Collector to this effect, and they will obtain and submit the necessary statement for the sanction of Government.

Secretary to Government.

IN CON. 1st AUGUST 1860, No. 3,747.

From J. D. ROBINSON, Esq., Acting Collector of NORTH ARCOT,
dated Chittur, 26th July 1860, No. 175.

I have the honor with reference to the Board's letter of the 7th January 1857, No. 77, to submit a revised return (prepared in the manner prescribed in Extract Minutes of Consultation dated 20th June 1857) that accompanied the Board's Proceedings dated 6th July 1857 of land taken up for the construction of trunk road No. 11 in the Kallur Paliam.

2. The total extent of land so appropriated, as certified by the Engineer's department, measures,* k. 53, a. 1, ch. 6 assessed at Rs. 86-8-4; of this ks. 21, a. 12, ch. 2 at Rs. 56-0-3 is Inam land. Of the whole extent appropriated on account of this road, a portion viz. k. 46, as. 2, ch. 2, assessed at Rs. 78-10-7 was taken up in Fasli 1263, and a 2nd instalment of k. 6, a. 15, ch. 4, assessed at Rs. 7-13-9 in Fasli 1264.

3. The compensation due to the Paligar amounts, as will be seen from the statement, to Rs. 597-12-7, being the aggregate intermediate loss he has sustained from Fasli 1263 to Fasli 1269, during which time this matter has been under adjustment. This sum I have the honor to request the authority of Government to disburse to the Paligar.

the other sundry Inams specified in the marginal statement given above, but inclusive of the jodi also shown there.

6. It has meanwhile been notified to the Paligar that he will have to pay the several Inamdars, whose lands have been appropriated for the road, the amounts of compensation due thereon. I have therefore the honor to request that I may be authorized at an early date to deduct Rupees 86-8-4 as accounted for in paragraph 2 of this letter, from the Paligar's annual peshkash of Rupees 4,138-4-10, and to fix it for the future beginning from Fasli 1270 at Rupees 4,051-12-6.

7. In returning the statement which accompanied your letter dated 7th January 1857, I beg to observe that the extent and assessment as given in the old statement will be found to differ from those entered in the new one, inasmuch as some additional land was appropriated and is now included, which was not entered in the first return. The new statement I may mention has been checked by a careful comparison with the survey account at present in the office of the District Engineer.

Proceedings of the Madras Government

Under date the 15th October 1860

Read the following Proceedings of the Board of Revenue

Submitting with the Board's recommendation a letter from the Collector of North Arcot forwarding for sanction a revised statement of land taken up on account of Trunk Road No. 11 and of the compensation due thereon.

Here enter 20th August 1860 No. 3809

1. In these Proceedings the Board of Revenue request the authority of Government for the grant of compensation, and reduction of the peshkash of the Poligar of Kallur in North Arcot, on account of land taken up in that Polliem for Trunk Road No. 11.

2. There is one point which needs explanation before an order can be passed on this application.

3. Under the order of Government of June 20th 1857, No. 613, cultivable or shaykal waste is to be included

included in the compensation Statement, but not immemorial waste. The present Statement contains waste to the extent of Kanis 19. 2. 6, with an assessment of Rupees 30. 15. 4; but it is not explained whether this is wholly shaykal land, and the papers must be returned. It is requested that the information may be supplied without delay.

3. Another point needs explanation. In Mr. Whittingham's letter to the Board dated October 16th 1856, the land taken for the road is expressly stated to have been taken in Fasli 1264, after the crops were cut, ^{and} that the payment of compensation was to commence from Fasli 1265. 1. With these Proceedings, the Board of Revenue submit a revised statement from the Acting Collector of North Arcot, of land in the Kallur Collum that has been taken up for Trunk Road No. 11.

2. The total extent of land so taken up is N. 53, A. 1, bh. 6 of Cunge divided as follows, and assessed at Rs. 86. 8. 4. -

and the compensation due,
as shown in the statement,
amounts in the aggregate
to Rs 597. 12. 7.

3. On the recommenda-
tion of the Board, the Govt
sanction the disbursement
of the above mentioned sum
of Rs Five hundred and
sixty seven, annas twelve
and pie seven. They
also grant authority for
remitting Rs 86. 8. 4 perma-
nently out of the Peshkash

and for fixing its future
amount at Rs (4057. 12. 6)

4. With regard to compensation
for the ~~participating~~ ^{observed}
that in ~~the~~ Mr. Whittingham's
letter to the Board dated
October 16th 1856, the land
which is now stated to have been
taken for the road in Fasli
1263, was stated to have
been taken in Fasli 1264,
after the crops ^{had been} cut,
and ^{it was previously mentioned} that the payment
of compensation was to
commence from Fasli 1265.
In the present paper, how-
ever, the same land is
alleged to have been taken
in Fasli 1263, and compen-
sation is asked for from
that year. The Board
will point out this dis-
crepancy to the Acting
Collector, and they will
ascertain when that land was
in fact taken, as well as the addl. land now re-
ported, was really taken up, and
will direct the disbursement of the
compensation accordingly,
reporting the result for the in-
formation of Government.

5. No payment, if
 is observed, is proposed
 to be made for the Porumpoke
 land included in the
 statement. The Govt
 are of opinion that the
 Proprietor is fairly entitled
 to compensation for such
 land also. As to the mode
 of determining this compen-
 sation, it appears to the
 Govt that ^{desirable} where the land
 has an assessment,
 that assessment should
 be paid in full by a cor-
 responding reduction of the
 Peshkash. When it is in-
 assessed, the collector
 should come to terms about
 its value by direct corres-
 pondence with the Proprie-
 tor or by arbitration, and
 when the value is settled
 it can be paid in money

Handwritten notes in margin:

 prefers that method.
 The Board will instruct
 the Acting Collector to
