*Proceedings of the Madras Government, Revenue Department,
18th October 1860.*

No. 299. Read the following Proceedings of the Board of Revenue, dated 6th October 1860,
No. 4,566 :—

Read the following letter from G. S. FORBES, Esq., Collector of Ganjam, to J. D. SIM, Esq.,
Secretary to the Board of Revenue, Fort Saint George, dated Chatterpore, 13th
September 1860, No. 245 :—

SIR,

With reference to the Order of Government, dated 21st August 1860, No. 1,406, which
was duly communicated to the District Engineer, I have
Dated 8th September 1860, No. 168. now the honor to forward a copy of the letter received from
that Officer for final orders.

From Captain E. H. HARRINGTON, District Engineer, Ganjam, to G. S. FORBES, Esq.,
Collector of Ganjam, dated Chicacole, 8th September 1860, No. 168.

1. In reply to your letter, No. 162, dated 5th instant, I have the honor to inform you that
I have inspected the tank in question, and quite agree in Sub-Engineer Colquhoun's opinion
that the limits of the Ságaram should not be contracted, and that land elsewhere should be given
to the Inámdár. Mr. Thornhill, the late Principal Assistant Collector, referred to Mr.
Colquhoun, with Memorandum No. 292, dated 11th August 1859, a petition addressed to him
by the Inámdár, and Mr. Colquhoun, in his reply, dated 29th September 1859, recommended the
grant of an equivalent in land for the Inám of 20 acres, as stated in your letter to the Board of
Revenue.

2. The tank (the proper name of which is "Bunjaree" (not "Dharma") Ságaram) had, from
want of repair, almost fallen into disuse. It has now been restored, and a supply channel cut to
it from a river. The revenue on its former state was only about 45 Rupees. This year it is
Rupees 673, and next year is expected to reach Rupees 934, being the final limit fixed by the
Revenue Officers and assented to by the Raiyats.

3. This increase of revenue is derived from the cultivation of 299 acres of land, which two
years ago were waste.

4. The Inám land is wet. The Inámdár wishes for a grant of land from waste lands under
the Ságaram, and, in my opinion, this would be a very fair and convenient arrangement.

(True Copy.)

(Signed) G. S. FORBES, Collector.

1. Submitted for the information of Government, with reference to their Order dated 21st
August 1860, No. 1,406, Revenue Department.

2. As the tank, which as been restored by the Public Works Department, appears to be
rs. a profitable work, the Board agree in the opinion of the
Revenue prior to improvement, 45 District Engineer that its area should not be contracted
Do. do. this year 673 and that the Inám lands submerged by it, should be
exchanged for other lands. The recommendation contained
in their Proceedings of the 14th August 1860, No. 3,722, is, therefore, re-submitted for favorable
consideration. The Inám lands are wet and those proposed to be given in exchange are to be
under the tank.
