Proceedings of the Madras Government, Revenue Department,
11th July 1860.

No. 126. Read the following Proceedings of the Board of Revenue, dated 26th June 1860, No. 2,964 :—

Read Official Memorandum from B. CUNLIFFE, Esq., Collector of Madras, to J. D. SIM, Esq., Secretary to the Board of Revenue, Fort Saint George, dated Saidapet, 5th June 1860, No. 171 :—

1. As required in the Official Memorandum of the 27th March last, the Collector of Madras has the honor to forward herewith a comparative Statement, showing in detail the amount allowed in the sanctioned standard Estimate for each item of Sadirwarid, and that actually expended in Fasli 1268. From this Statement it will be observed, that, with the exception of three items, the expense incurred will be found nearly the same as that sanctioned by the standard Estimate.

2. The exceptions referred to are the increased expenditure of Rupees 1,306-11-8 under the item of Country and French Foolscap paper, of Rupees 261-12-2 in the Lamp-oil, and of Rupees 15-10-6 in Quills. The consumption of Country paper and French Foolscap was really below the Estimate, but the total expenditure rose to Rupees 1,306-11-8 above the Estimate, as paper for the supply to the Karanams for the preparation of the accounts connected with the Settlement according to the new forms was not included in the standard Estimate.

3. The increase under the second item was inevitable, the price per viss of Lamp-oil having risen from 3 Annas 9 Pice to 7 Annas 6 Pice.

4. The slight increase under the head of Quills is attributable partly to the discontinuance of the reeds which were much in use when Country paper alone was in use, and partly by a rise of 3 Annas per bundle of Quills over the 6 Annas allowed by the Estimate.

5. The early sanction of Government is solicited for the adjustment of these items, to enable the Civil Auditor to admit them in his audit.

1. Resolved, that the above communication be submitted for the Orders of Government, with the recommendation of the Board of Revenue, that the charge of Rupees 1,606-2-3* incurred in Fasli 1268 by the Collector of Madras, in excess of the amount of the standard Estimate for the late Chingleput District be sanctioned. The excess was occasioned almost wholly by the use of paper for the new forms of Village accounts and by the enhanced price of Lamp-oil as may be seen in the Statement forwarded by the Collector.

No. 127. ORDER THEREON, 11th July 1860, No. 1,147.

The Collector of Madras ascribes the entire increase of Rupees 1,306 in the cost of paper of the supply of that article to the Karanams for the preparation of the Settlement accounts; but the Government observe that no less than Rupees 510 of the excess was in the cost of French paper. The Board will request the Collector to explain for the information of Government for what purpose French paper was supplied to the Karanams.
