No. 167. Read the following letter from H. NEWILL, Esq., Director of Revenue Settlement, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort St. George, dated Madras, 23rd June 1860, No. 648:—

In reference to the Proceedings of the Madras Government, dated 11th ultimo, No. 756, I have the honor to submit a tabular statement in the prescribed form, of the establishment required for completing the Madras Town Survey.

Ordered in consequence that the following letter be despatched.

No. 168. Read the following letter from J. D. BOURDILLON, Esq., Secretary to the Government of Fort Saint George, to the Secretary to the Government of India, dated 14th July 1860, No. 1,168.

Order of Government,	11th	May	,, ,,	756.
From Director Revenue Settlement,	23rd	June	,, ,,	648.

1. I am directed to forward a statement in the prescribed form of the establishment required for completing the Survey of the Town of Madras, together with copy of a correspondence on the subject with the Superintendent of Revenue Survey and Director of Revenue Settlement.

2. The Survey in question was commenced in 1854 in the St. Thomé division, with a small temporary establishment sanctioned by this Government. In April 1856, the Government, after reviewing the Report of the Board of Revenue on the operations in that division, sanctioned the extension of the Survey to the other parts of the Presidency District; and authorized the employment of a second party for its prosecution, subject to the sanction of the Government of India to the necessary establishment, for which they intended to make application. This application, however, by an oversight, was not made; but under the sanction above referred to, two other divisions were taken in hand and completed; viz., Nungambákam and Triplicane.

3. The supervision of the Survey having been transferred to the General Survey and Settlement Department as explained in paragraph 1 of my letter of the 24th April 1860, No. 622, the Civil Auditor, who had till that time passed the pay of the establishments without question, asked for the sanction, and the oversight just mentioned was then discovered. The Director of Revenue Settlement, after some correspondence, has now submitted a statement of the establishment which he considers necessary for completing the Survey. This establishment is required for a period of three years; and its monthly cost is Rupees 761. The duties devolving upon it as explained in a column of Mr. Newill's statement are as follow. "The "Survey branch of the establishment is engaged in the measurement, mapping, and computation "of the extent, of all holdings, &c., in each section of the District of Madras, for the general "purposes of levying the quit-rent. The registry branch records the areas of each holding after "comparison and adjustment with the Collector's accounts, in view to the levy of quit-rent on "any excess being found. The excess brought to account has been considerable in some cases."

4. The Government consider the proposed charge for completing the Madras Town Survey to be moderate, and they recommend it for the sanction of the Government of India. In their Order of 2nd April 1860, No. 506, the Government authorized the Civil Auditor, pending the sanction now sought, to pass the salary of the establishment in question to the amount of Rupees 749. In this establishment have now been included, as properly belonging to it, the two Lascars referred to in the latter part of paragraph 2 of my letter of the 24th April 1860, No. 622, but erroneously sanctioned* by the Government of India for six months only. The salary of these Lascars being 12 Rupees a month, the total monthly charge of the establishment is raised to Rupees 761.

*Procs. Government of India, 31st May 1860, No. 1,216.

The sanction just referred to will cease from the date on which the sanction to the present statement shall come into effect.
