As it seems doubtful what was intended in the latter part of paragraph 1 of His Excellency the Governor's Minute, dated Trichinopoly, 28th January last, appended to Proceedings Madras Government, marginally noted, regarding the removal or otherwise after purchase of the old Bombproof Barracks opposite to what was once the Srírangam gate, I have the honor to submit the case for the consideration of Government and to solicit their Orders on the subject.

No. 171. ORDER THEREON, 14th July 1860, No. 1,170.

The Chief Engineer will be informed that the design of the late Governor in recommending that the old barracks in question should be taken back, was that it might be removed, as being an obstruction of the northern entrance into the city. This design will be carried into effect; the building will be pulled down and the materials sold.

2. The Governor in Council presumes that the Order of the 24th May No. 768, is in course of execution, and he awaits the Plan and the Report there called for.
