No. 315. Read the following Proceedings of the Board of Revenue, dated 29th June 1860, No. 3,021 :—

Read again the Endorsement of the Collector of Madras, dated 17th May 1860, on Petition No. 3,412 of 1859, from Sayad Ahmad and others, claiming the restoration of a certain Inám attached to the Mosque at Mángádu in the Púnamalli Táluq.

1. The Petitioners request the continuance to them of 40 kanis of Inám, attached to a certain Mosque at Mángádu in the Púnamalli Táluq, with its past 10 year's proceeds placed in deposit with Government. On referring to the old Registry Book of Ináms, kept in Maharata in the Office, prepared in the year 1810, it is entered that 40 kanis of wet land (assessed at Rupees 298-5-1) have been granted on Inám tenure by the former Government, for the repair and lighting, &c., as well as for the maintenance of servants, attached to a Masjid at Mángádu in the Púnamalli Táluq. This grant is supported by a Parwána granted by the late Nawáb Dávud Khán, in the Hijri year 1119 (A. D. 1704). The land in question having been surveyed at the Paimáish, it was found to consist of only 30-12-6, assessed at Rupees 298-5-1.

2. On examining the records it appears that a complaint was preferred to Mr. Freese, under date the 6th August 1846, by one Said Abdali, a coparcener of the said Inám ; that the two other shareholders of the Inám are not disposed to keep the Masjid at Mángádu in good order. Mr. Freese issued an Order, under date the 5th January 1848, to hold the rent of the Inám lands in deposit, should the Inámdárs not put the Masjid in proper order, and perform the usual ceremonies, within January of that year. The Inámdárs having failed to act up to these instructions, the rent of the Inám has ever since been held in deposit, until the year 1852, when the late Collector, Mr. Cochrane, having found that Rupees 451-14-7 was so held, he ordered, under date the 24th December 1852, to carry to the Aiyan demand the amount in question, merely observing that it should no longer be held in deposit. Ever since, the rent of the Inám land has been included with the Aiyan demand, and the amount so carried to the credit was, up to last year, Rupees 1,665-0-4 as given in the margin.

3. The Inámdárs and several of their coparceners have presented the Petitions, marginally noted, to Mr. Fullerton who was in charge of the District, and to Mr. Shubrick, praying for the restoration of the Inám, on the ground of their having executed the necessary repairs to the Masjid.

22nd July 1853.
25th November 1856.
29th November 1856.

4. These Petitions were referred to the Tahsíldár for report. He reported on 29th March 1857, that the repairs were executed, and the usual ceremonies were carried on, and that the Inám in question may, in consequence, be restored to them.

5. The Board's Circular Order, dated 7th December 1854, page 104, Vol. 3, authorises the resumption of Ináms only where the ceremonies may have ceased for a period of 12 years. In this case the Masjid seems to have been closed but for a short period, and therefore taking the Ponneri case as a precedent (Board's Endorsement of the 18th February 1860 on Petition No. 3,796 of 1859 and 342 of 1860), I would recommend that the Ináms, together with their proceeds, since the date of resumption, be made over to the Petitioners.

Resolved that the above Endorsement be submitted for the orders of Government with the Board's recommendation, that under the circumstances stated therein, the Collector be authorised

to release from attachment and to restore to the parties entitled to its custody on behalf of the Mosque, the Inám lands in question, together with the mesne proceeds that have accrued since their first attachment, amounting to Rupees 1,665 to the close of the Fasli 1269, of which Rupees 1,497-8, appear to have been actually collected and carried to account at the date of the Collector's Endorsement.

No. 316. ORDER THEREON, 26th July 1860, No. 1,243.

1. The land referred to in these Proceedings was held on Inám tenure for the maintenance and service of a Mosque at Mángádu in the Púnamalli Táluq of the Madras District. The Mosque having been allowed to fall into disrepair, the land was attached by the Collector in 1848. In March 1857, the Tahsíldár reported that the repair of the Mosque had been completed, and that the usual services were performed. The Board of Revenue now recommend that the Inám may be restored, and its proceeds while under attachment, be paid to the Inámdárs.

2. The Mosque having been repaired and the services resumed, the Government permit the restoration of the Inám. The collections on account of the land, from Fasli 1266 (in which year it was reported that the service had been resumed) will be paid over to the Inámdár; but the Government decline to sanction the disbursement for the previous years.

3. No explanation is given of the delay to report the case from March 1857 to May 1860.
