Proceedings of the Madras Government, Revenue Department, 30th July 1860.

Read the following papers:—

No. 369. Proceedings of the Board of Revenue, dated 5th June 1860, No. 2,662:—

Read letter from the Collector of Coimbatore, dated 27th April 1860, No. 46.
(In Cons., 2nd May 1860, No. 2,026.)

Read again letter from the same Officer, dated 22nd May 1860, No. 61.
(In Cons., 30th May 1860, No. 2,541.)

1. Resolved, that the above letter be submitted to Government with reference to their Order, dated 3rd October last, No. 1,341, paragraph 14, Revenue Department, passed on paragraph 43 of the Despatch of the Home Government, dated 15th June 1859, No. 6.

In Cons., 4th October 1859, *No.* 4,950.

2. In 1850, Mr. W. McIvor, Superintendent of the Government Gardens at Ootacamund obtained (with the sanction* of the Home Government) on behalf of his brothers John and James McIvor, a grant on lease of 2,116 acres of land, partly at Ootacamund and partly at Kartairy, with the avowed object of establishing an Experimental Farm on English principles and introducing English cattle and products.

3. Mr. John McIvor has not come out to this country at all. Mr. James McIvor arrived in April 1854, and as the letter above recorded and those submitted to Government with the Board's Proceedings, dated 29th January 1856 and 19th January 1858, Nos. 262 and 255 show, has failed to fulfil the objects of the grant, and has grown little on the land except Coffee and Potatoes. It will be perceived by Government that in his two letters to the Collector, dated 5th and 10th May last, Mr. McIvor carefully avoids implying even that he has carried out these objects. Had he fulfilled them in any reasonable degree, he would scarcely have failed to meet the Collector's assertions with this plea. The intention of Government in granting the land and Mr. McIvor's breach of faith are, in the Board's judgment, equally clear, but whether Government can now do anything to compel Mr. McIvor to fulfil their intentions or punish him for his failure hitherto to accomplish them is purely a legal question, which, as suggested in paragraphs 7 and 12 of their Proceedings, dated 19th January 1858, the Board would refer to the legal advisers of Government.

Enclosures in No. 2,541, *from Coimbatore, 22nd, in Cons., 30th May* 1860.

4. The draft of the lease is herewith submitted, and it seems to the Board that, except perhaps on the plea of boundary marks not having been erected, Government can do nothing under it until the ten years' free occupancy allowed to Mr. McIvor expire. They can then resume all land not appropriated or improved by him, and a rent of 1 Rupee per annum will be chargeable on every kani of land ploughed or otherwise turned up during the tenth year, whether cropped or fallow. What can be done by Government intermediately is doubtful: a legal opinion on the point seems to the Board essential, and they beg to recommend that the papers be sent to the Advocate General or Government Pleader with this object.

Enclosure 1 *in No.* 1,181, *from Coimbatore, 2nd, in Cons., 21st August* 1851.

5. The Collector should formally withdraw the permission to cut timber which he appears to have given to Mr. McIvor. He will forward a copy of the Order for the Board's perusal, and explain more fully the circumstances under which he issued it.

No. 370. Proceedings of the Board of Revenue, dated 7th July 1860, No. 3,130:—

Read the following letter from E. B. THOMAS, Esq., Collector of Coimbatore, to J. D. SIM, Esq., Secretary to the Board of Revenue, Fort Saint George, dated 26th June 1860, No. 84.

Paragraph 4. In reply to paragraph 5 of the Proceedings of the Board of Revenue, dated 5th instant, No. 2,662, I beg to send copy of my former permission to Mr. J. McIvor and my late rescission of it. The circumstances under which it was originally granted, are explained in my letter of 27th April 1860, No. 46.

The Board consider that Mr. Thomas acted injudiciously in giving Mr. J. McIvor permission to fell trees in such general and indefinite terms.

Submitting letters from the Collr of Coimbatore reporting on the failure of the experiment made on certain lands on the Nilgiris obtained on lease by Mr W. McIvor on behalf of his brothers John and James McIvor with the object of establishing a farm on English principles and introducing English Cattle and products and recommending that the papers be sent to the Advocate General Govt Pleader for his opinion.

Memorandum

Measrs Mc Dors experimental Farm on the Nilgiris.

Nilgris Cons 24th July 1849 Nos 35 & 37.

In June 1849. the Board of Revenue had before Govt. an application from W. W. G. Mc Dor. Supt. of the Govt Horticultural Gardens at Ootacamund, made on behalf of his brother John Mc Dor, a farmer in Stirlingshire for a Grant of ~~about~~ 2116 acres of land on the hills for the purpose of establishing a farm on English principles

Letters to Capt Frederick dated 19 Dec 1848.

W. Mc Dor stated that since his arrival in the country he had made experiments in the cultivation of almost all kinds of European Grain on the Nilgiris and had succeeded so well that, convinced of the feasibility of the scheme, he had recommended it to his brother, who had empowered him to take the necessary steps for obtaining land and was quite prepared to give up his farm at home and embark for this country with labourers implements & stock as soon as he should be informed that the land had been granted and a sufficient extent cleared & prepared for the first ploughing

Mem. & Letter to the Coll 30 Aug 1849.

The objects in view in establishing the Farm were stated to be the production of European grains for the markets of Bombay Ceylon & Madras. and green crops for the feeding of cattle of all kinds - and the improvement of the country cattle by the introduction of English stock. — That his brother might be enabled to enter upon his work immediately on arrival. Mr & Mrs G. Mr Dove requested to be allowed to commence preparations without delay - such as erecting shelter for his stock to be brought from home - viz Horned cattle. sheep. pigs & poultry - preparing land for produce for their support. clearing and fencing land for the first ploughing. collecting manure &c &c With respect to the Farmer's plans, it was stated that such as would be absolutely necessary to shelter the land from the East & West winds - and to fence it against wild animals, his first care would be to plant extensive belts of the Australian tree Acacia Cineta. about two hundred yards apart

running

running North and South and to intersect them by a single row of the same tree running East and West so as to divide the land into fields of a convenient size, round which a hedge of Hill-thorn would be planted. This the farmer would, if necessary, bind himself to complete in the third year after his arrival. The draining of swamps, removal of stones from the sides of the hills and bringing all the land under good cultivation would follow, but would be the work of several years.

Idem. 3 The terms on which the land, which was stated by Capt. Ouchterlony, Supt. of the Nilgiri Survey to comprise about 100 Vanis (equal to 2116 acres) was asked for were that it should be held rent free for the first ten years and afterwards be chargeable with one Rupee per annum for each Vani ploughed or otherwise turned up during the year, whether cropped or fallow.

Bds Pro: 21 June 1849 ¶ 264. 4 The Coll. of Coimbatore & the Board of Rev. strongly recommended that the application should be complied with. The former

one of opinion that Wm Mc Ivor & his brother were well calculated to carry out the proposed experiment practically & efficiently - and that if the hills of plantation alone succeeded, that object of itself was deserving of every encouragement and would lead to great public benefit; and the Board pointed out that the land applied for was of no value to Govt - and that Wm Mc Ivor's scheme not only promised to turn it to the best account, but, if only partially successful, also to introduce improvements and be followed by results of much interest and importance both as regards the hills and the country generally. They considered the terms proposed to be very reasonable, but suggested an addition to the effect that after the lapse of twenty-five years from the date of the Grant, the whole extent taken, not merely that under the plough, should be subject to assessment.

Letter 23 May 1849 R 150 p 4.

para 9.

5 Govt objected to the Grant on the following grounds - viz that it would be objectionable that Mr W. G. Mc Ivor's attention & superintendence should

Or: 23 July 49 No 9

should be withdrawn from his present duties in connection with the Govt. Horticultural Gardens at Ootacamund, to superintend and manage which he had been, specially and at great pains and expense, sent out to this country by the Court of Directors; that there was no evidence that his brother had either the means or the intention of availing himself of the Grant: and that the terms proposed differed from those laid down in the rules for the disposal of land on the Nilgiris. They referred the matter, however, to the Home authorities for decision and instructed Dr M. Ivor to write to his brother to place himself in communication with the Court of Directors.

Cons 16 Oct 29 Nos 44 to 46.

6 With ref: to the first objection Dr M. Ivor at once & distinctly disclaimed all intention of being in any way concerned in his brothers name. He had moved in the matter solely on behalf of his brother. and had no personal interest in it.

Bom Comt 17 Dec 1850 No 3.

7 The Court of Directors entertained the application favourably. With respect to the first objection raised by their Govt. they remarked that any general assistance Dr M. Ivor might be enabled to give his brother in the first

first establishment of the experimental farm would tend greatly to further the objects for which he was sent out - viz the introduction of improvements into the agriculture and horticulture of the hills. - In reply to the second objection they stated that Mr M. Ivor would bring a capital of from £800 to £1200 with him - and that he would be given to understand that he must not expect any pecuniary assistance from Govt.; and with regard to the difference between the proposed terms and those laid down in the rules they pointed out that Govt had the right under those rules of making exceptions in cases which had for their object the promotion of agricultural undertakings or improvements they had no doubt that the proposed farm would, if successful, exercise a beneficial influence over the general agriculture of the district - and consequently authorized the issue to Mr M. Ivor, in the name of his brother, John, a lease of the land applied for on the terms solicited by him - with the addition proposed by the Rev. Board. The lease not to be revocable in the event of Mr John M. Ivor not teaching him within two years from its date unless

prevented by good & sufficient cause - and any portion of the land which might be unappropriated or unimproved by the lessee at the expiration of ten years from the date of his arrival was to be liable to be resumed by Govt. The Court suggested the insertion in the Grant of a condition restricting Wm McIvor from transferring or subletting any portion of the land without the previous permission of the Govt.

Or: 8 Oct 50 / R 948. 8 The Bd. of Rev. were instructed to issue a lease accordingly. In Aug. 1851, a draft deed was submitted by them to Govt. which was approved with a few amendments, and a counterpart ordered to be taken from Wm McIvor. It was then found that the whole extent of land (2116 acres) applied for and sanctioned by the Ct. of Directors was not available at Otakamuri. Only a little more than 1/5th could be given there. In compliance with his own request. Wm McIvor was permitted to select, in lieu of the remainder, an equal extent of land at Wairere. and separate leases were ordered to be issued for the two holdings.

Or 25 Sep 1851 R 1067.

By Govs Mess 11 May 1852 R 374 Wm McIvor having raised the question of the rate of assessment to be levied on his & brothers lands after 25 years

it was decided that they should be those which may obtain generally at the time his lease expires. In the same order the Govt permitted Wm James Mc Ivor to be associated in the lease with his brother John - as requested by Mr W. G. Mc Ivor.-

10 Wm James Mc Ivor arrived in the country in April. and took charge of the farm in May 1854. Mr John Mc Ivor has not come out at all.

11 In January 1856. the Board of Rev. submitted a letter from the Coll. of Coimbatore giving cover to a report from Mr James Mc Ivor regarding his agricultural operations. He had cleared abt 150 acres of land & had grown a little English wheat, barley & oats; but country grains cultivated on English principles had succeeded better. He had not imported any cattle, nor planted timber nor grown any grasses. The Coll. remarked that perhaps the reasons had

been somewhat against him and more time must elapse ere he could show any of the operations which had been promised. The Board expressed their willingness to give Wm Mc Ivor full time to adapt his operations to his experience and requested the Coll. to report again on the Farmer's proceedings at the close of another year.

12 The steps taken by Mr Thomas to obtain the necessary information for his second Report gave offence to Wm Mc Ivor and drew from him an appeal to the Board of Rev. Besides complaining that the Coll. had, without his consent, sent his forester to inspect Krepunt on his farm. he mentioned that Mr Thomas had given portions of his land to other individuals; had failed to fulfil his promise to make the Lease available as security in the Commissariat &c. and that the Coll's carriage towards him had on all occasions been quite the reverse of encouraging. At the

Letter d 8 June 1857.

some time he represented to the Board the many difficulties he had to contend with in endeavouring to fulfil his engagements, which he hoped would receive due consideration.

13 The Bd. only wished him to explain the circumstances complained of. They called upon the Col. to explain with respect to the alleged trespass grounds - and pointed out to him that as the lease gave him no right to interfere in any way with Mr M'Ivor. the most unobjectionable mode of proceeding would be to request the lessee to afford such information as he pleased on the subject and to forward his letter, with his own remarks, to the Board. Govt. 11 July 1857.

14 In the meantime, Mr Thomas reported that Mr J. M'Ivor had not fulfilled any of the conditions he had agreed to. No trees whatever had been planted, but many cut down to make room for coffee, which he had never mentioned or contemplated; no European cattle 10 July 1857.

cattle had been introduced and no
European grains introduced with-
the exception of a very little wheat
that as far as the Govt could dis-
cover. Mr M Lean had made no use
of his land except to grow potatoes.
Mr Thomas mentioned further that
Mr M Lean had placed difficulties
in the way of his obtaining information
respecting his operations - and had
asserted that neither the Govt. nor
he had any right to inspect his
farm till the end of his ten years'
free lease.

15 With respect to the lessee's
Letters dated 7 Sept & 8 Dec. '57 complaints, ~~he Mr Mc Lean~~ the Govt.
denied having ever given any of his
farm lands to other persons - and
said that he had sent his foresters
to inspect the farm that he might
be in a position to meet the Bd's
requisition for a second report.

16 In submitting the correspon-
Pros: 19 Sess 58 p. 255. dence to Govt. the Board proposed
that the opinion of the Govt. Leaders
might be taken on the question of
the Colleges right to exercise a
supervision over the farm without

the

the Lessee's consent, but the Govt. con- Dr. 2
sidered it needless to discuss as
the Lease contained no clause which
would warrant the Coll's inspection
against the tenant's wishes.

The papers having been
sent to the Home Govt., the Secy of draft
S. desired that it might be ascer- 2
tained whether there was in the power
of Govt. "to compel the fulfilment
of the covenants of the agreement: or
to resume the Grant by a Recent to Law"
and that in the event of the Govt.
obtaining an affirmative answer
a suitable warning might be
addressed to the Lessee of their
intention to take steps for one
of these purposes.

18 With this present Mss. 5 M
the Board submit further correspond-
ence from the Coll. showing not only
that Wm H. Dow has entirely failed
to act up to his agreement. but
also that it is very doubtful whether
he intends doing so at all. The
Bd. think that the intention of Govt
in granting the Land & the Lessee's
breach of faith are equally clear
and advise that the opinion
of

of the Law Officers of Govt. should
be taken on the question of the
power of Govt. to intervene before
the expiration of the ten years
free lease.
