No. 50. Read the following letter from M. SUBBARAYALOO NAYUDU, Deputy Collector of Nellore, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 30th July 1860:—

I most humbly beg leave to enclose my Memorial, and request that you will be pleased to submit it to the Right Honorable the Governor in Council for His Excellency's information and orders thereon.

To the Honorable Sir HENRY GEORGE, WARD, Knight, G.C.M.G., Governor in Council of Fort Saint George, &c. &c. &c.

The humble Memorial of M. Subbarayaloo Nayudu, the 3rd Class Deputy Collector of Nellore, now on sick leave at Madras, dated 30th July 1860.

MOST HUMBLY SHEWETH.

1. With every sentiment of respect and submission, your Memorialist most humbly begs leave to submit his much aggrieved case for your Excellency's favorable consideration and Orders thereon.

2. That your Memorialist has been in the service of your Government for more than 23* years.

* *5 of them as Purport Writer in the Clothing Board Office, Fort Saint George.*
16 years and 9 months as Interpreter in H. M.'s Supreme Court at Madras.
15 months as Deputy Collector of Nellore.

3. That your Memorialist threw up the latter post, the emoluments of which were more than 400 Rupees monthly, on his appointment as a 3rd Class Deputy Collector on a salary of only Rupees 350.

4. That your Memorialist has been afflicted with frequent and severe sickness since he was appointed to Nellore, consequent upon the climate and water of that District not agreeing with his constitution, in proof of which, he begs to refer to the opinion of the District Surgeon, whose certificate regarding the bad state of his health was submitted to the Board of Revenue, through the channel of the Collector, who also recommended his transfer to another District, for the favorable consideration of the Board; that the District Surgeon is of opinion, that your Memorialist's continuance in the Nellore country, will probably prove fatal to him, and that the Board have twice recommended to your Excellency's Government, that your Memorialist should be transferred to some other District, and have likewise recommended your Memorialist's extension of leave for two months upon the medical certificate of the Presidency Surgeon.

5. That your Memorialist is now in a very bad state of health having lately undergone a surgical operation, and very weak both in body and mind, and unable freely to walk.

6. That your Memorialist further begs to observe, that should there be still any doubt as regards his present state of ill health, that your Excellency may be pleased to direct any Medical Officer to inspect and examine his person, once a week, up to such time, as he shall be pronounced to be fit for his duty; and that the moment he is so pronounced, he will not for a moment delay to proceed on duty as in any way he shall be directed.

7. That the constant sickness which your Memorialist has suffered in Nellore, may have curtailed his usefulness there; but his transfer to any District more suited to his constitution, would enable him to give satisfaction to his superiors and he begs to enclose certificates of his conduct and qualifications from different gentlemen acquainted with him.

8. That as your Memorialist has nothing but his appointment to depend upon, he must return to Nellore at any risk, but he respectfully submits that after 23 years' Government service, the boon of two months' leave on sick certificate, and with the loss of half pay, is one that he feels sure, your Excellency will not after this explanation, deny him.

9. Your Memorialist merely craves that after this lengthened service, he may be allowed the brief period which his medical adviser certified to be necessary for his recovery, and that if the convenience of Government permits, he may when an opportunity occurs, be transferred to a District, where he may hope to have health, and strength to perform his public duties; his illness, he respectfully submits, is his misfortune and not his fault, and prior to going to Nellore he was never sick, he then threw up a lucrative appointment; and has since suffered much in body and mind. These considerations, he humbly trusts, will induce your Excellency to view his case favorably, and to modify the orders contained in the Order of Government, dated 27th instant.

In doing this act of justice, your Memorialist will as in duty bound, shall ever prey.

No. 51. ORDER THEREON, 4th August 1860, No. 1,302 A.

1. In the Memorial submitted with this letter M. Subbarayaloo Nayudu repeats his application for two months' extension of leave on medical certificate.

2. A certificate has now been given to the applicant by Dr. Porteous, of a more definite and positive character than the certificate before produced. The Government now grant the leave asked for, viz., to the 26th September. Dr. Porteous expressly states his opinion, however, that on the expiration of this leave the Deputy Collector may resume his duties at Nellore; he should therefore dismiss from his mind the idea of being transferred to another District, and exert himself to do his duty efficiently in Nellore.

Secretary to Government.

To
The Honorable W. A Morehead Esqr.
Member in Council of Fort St George
Madras.

The humble Memorial of M. Soobbarayloo
Naidoo, the 3d Class Deputy Collector of Nel-
lore, now on sick leave at Madras.-

Most humbly Sheweth,

With every sentiment of respect, and submission,
your memorialist most humbly begs leave to submit his much ag-
=grieved case for your Honors favorable consideration, and orders there
-on.

That your memorialist, is in the service of your Go-
-vernment for more than 23 years, and that the salary and emoluments
of his former Office, as an Interpreter in her Majesty's Supreme Court,
were more than Rupees 400 per months, whereas in his present situation
of a Deputy Collector of the 3d Class, his emoluments are of a smaller
amount, a consideration, which did not deter him for seeking the
appointment; because it is one of a more dignified nature, than that
previously held by him, and also because he hoped to obtain speedy
promotion, such as was fallen to the lot of his more fortunate fellow
servants, some of whom, are strangers to the Government employ, un-
-til a very recent period, and became Deputy Collectors after he
did.

That since your memorialists appointment to the
a 3d Class Deputy Collector in the district of Nellore, several Deputy
Collectors, have been promoted from the fourth grade, to the third,
and from the third to the Second; also they have been transferred
from district to district on account of the emergency of the circum-
=stances under which they solicited removal; and while the Board
of Revenue, and the Civil Auditor upon their satisfaction of the
medical Certificate, submitted to them have recommended to your
Government, that an extension of leave for two Months, should be
granted to your memorialist, but such was rejected on the 27th In-
-stant, in opposition to all the existing Rules, and Regulations, as
also to the daily practical Rules of the Civil Auditors' Manual
used in the case of the Uncovenanted servants, which is an extraordi-
=nary, and rare exception only in the case of your memorialist.

That your memorialist, has been afflicted with a
frequent, and severe sickness, since he was appointed to Nellore con-
=sequent upon the climate, and water of that District not agree
=ing with his constitution, in proof of which, he begs to refer the
opinion

opinion of the District Surgeon, whose Certificate regarding the bad state of his health, was submitted to the Board of Revenue, through the channel of the Collector, who also recommended for his transfer to another District for the favorable consideration of the Board, and that the Surgeon is of opinion, that your Memorialist's continuance in the Nellore Country, will probably prove fatal to him, and that the Board therefore twice recommended to your Honors' Govern-ment, that your Memorialist, should be transfered to some other District, and they have likewise sanctioned, your Memo-rialists' extension of leave for two Months, upon the Medical Certificate of the Presidency Surgeon-

Although your Memorialist, is in a very bad state of health by having under gone the Surgical operation, and very weak both in body, and mind, as unable freely to walk; yet your Memorialist, has no objection at all, in due obedience to the orders of your Government, to proceed, and rejoin his station; but the Collector of the District, who knew the fact, that your Me-morialists health, was much impaired, owing to the bad climate, and water of that District, will no doubt question your Memo-rialist that why he has not get himself transferred to another District, and what made him to come back to his District, know-ing that the effects of the climate will tend to the distraction of his life, as the Surgeon of the District, had already distinctly ex-pressed his opinion, that such should be the result of the climate-

That your memorialist further begs to observe, that why will he obtain leave of absence, if he is not actually in a bad state of health, and by which he has to forfeit a moiety of his pay, which is a very great loss to him; and that your Memo-rialist, is most willing, and ready to abide by the orders of your Government, in any way your honor, may be pleased to com-mand according to the merits of his case; and that should there be still any doubt, as regards his present state of ill health, he begs, that your Honor may be pleased to direct any Medical Officer, to inspect, and examine his person, once a week, up to such time, as he shall be pronounced to be fit for his duty; and that the moment he is so pronounced, he will not for a mo-ment delay to proceed on duty as in any way he shall be directed.

That your memorialist, upon the great confidence of the permanency of his Office of Deputy Collectorship, being the appointment of Government, he has resigned his former Offic of trust, and respectability of 400 Rupees a Month, from the Su-preme Court.

That under these circumstances, your memorialist, most humbly trusts that your Honor, will be pleased to direct the exten-sion of leave sanctioned by the Board of Revenue, to be Gazetted, so as to enable him to be restored to his health, and become ef-ficient Officer to discharge his duties to the satisfaction of his Superiors.

In doing this act of justice, your memorialist, will as in duty bound.-

Shall ever Pray.
