Proceedings of the Madras Government, Revenue Department, 1st September 1860.

No. 4. Read the following Proceedings of the Board of Revenue, dated 11th August 1860, No. 3,698 :—

Read the following letters :—

From the Collector of Tinnevelly, dated 23rd July 1860, No. 278, requesting the sanction of Government for the expenses incurred in making two coir Cables for the use of the Schooner "Emily."

(In Cons., 30th July 1860, No. 3,723.)

From the Superintendent of Marine, dated 26th July 1860, No. 164, submitting a Bill, amounting to Rupees 13,689-2-5, on account of the construction of two Boats for guarding the Pearl Banks off Tinnevelly.

(In Cons., 30th July 1860, No. 3,725.)

Resolved that the letters above recorded be submitted for the orders of Government.

1. The Master Attendant at Tutacorin explains in his letter to the Collector of Tinnevelly, dated 15th June 1860, that when at anchor under Casseevarteevoo, the starboard chain Cable of the "Emily" parted, and that when the port anchor was let go in order to secure the Boat, that also parted, so that the Boat was compelled to put to sea, and return to Tutacorin.

2. The cause of this mishap is declared to be the unsuitableness of chain Cables to withstand the short-chopping seas that prevail on the coast, and as a similar accident might occasion the loss of the vessel, the Master Attendant considered it most prudent to supply her with two coir Cables, which he has done at a cost of Rupees 162-7-5.

3. The Board are of opinion that under the circumstances stated, the above outlay was necessary, and therefore recommend it for sanction.

4. The letter from the Superintendent of Marine gives cover to a Bill for the construction of two guard Boats agreeably to the sanction of Government, dated 14th November 1859, No. 1,546. The estimates authorized were for Rupees 12,978-1-10, but the actual expenses have amounted to Rupees 13,689-2-5. The several items of outlay, however, are supported by vouchers, which have been examined by the Superintendent of Marine, and are declared by him to be unobjectionable. Under these circumstances, the Board recommend that sanction may be granted for the amount of the Bill.

In Cons., 16*th November* 1859, *No.* 5,742.

5. The Master Attendant at Cochin submits his claim to some remuneration for the extra trouble involved in the building of these Boats. The Board think the claim reasonable, and if Government approve, will consult the Superintendent of Marine as to the amount which should be granted.
