Proceedings of the Madras Government, Revenue Department, 7th September 1860.

No. 126. Read the following letter from Captain F. J. B. PRIESTLEY, Superintendent Revenue Survey, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, dated Chepauk, 21st August 1860, No. 715 :—

SIR,

1. I have the honor to enclose an original bill for Rupees 203-15-6 (the value of Medicines purchased for the use of the Trichinopoly Survey party) with explanatory documents, and to request that the charge may receive the sanction of Government as otherwise it appears the Civil Auditor does not feel authorized to pass it.

2. I take this opportunity of soliciting information regarding the future disposal of such charges as I presume that hereafter Medicines will not, as heretofore, be supplied to this Department gratis.

No. 127. ORDER THEREON, 7th September 1860, No. 1,548.

1. The Superintendent of Revenue Survey submits for the sanction of Government a bill for Medicines and hospital articles obtained for the Trichinopoly Survey party during the year 1860 amounting to Rupees 203-15-6. It would seem that the Survey party has not been charged for Medicines heretofore supplied, but that the Medical Store Keeper at Trichinopoly has for the first time called for payment of their value. This led to a bill being submitted to the Civil Auditor who on his part returned it, with an inquiry as to the authority under which the Medicines were purchased. Instead however of the inquiry being answered the matter is sent up to Government.

2. The Government have no information before them as to the authority for the supply of the Medicines, but it appears that they have been heretofore obtained without any demand for payment of their value. The reasons for now making the charge are not explained ; and the Government resolve to forward the papers to the Principal Inspector General of the Medical Department, for such information as he is able to afford. Some information is also necessary as to the period when these supplies were furnished, their value, the reason of the large advance of 45 per cent. laid on the cost of the Medicines and the strength of the party for which they are required.

(Signed) J. D. BOURDILLON,
Secretary to Government.
