Proceedings of the Madras Government, Revenue Department,
14th September 1860.

No. 237. Read the following letter from H. NEWILL, Esq., Director of Revenue Settlement, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 30th August 1860, No. 317 :—

SIR,

1. As the proposal for the re-organization of the Establishments of the Settlement Department is still before the Government, I have the honor to request a further consideration of some of the items.

2. In paragraph 10 of my letter of 25th June, No. 661, I stated that eventually I contemplated the necessity of some further addition to my Office. On further consideration of the matter and with special reference to the probable extension of operations, and the entertainment of perhaps two more parties, I think it desirable that provision should be made for the full efficiency of the Central Office, so as to prevent the necessity of further application hereafter, and any difficulty in requisite arrangements being made after sanction is once passed for the re-organization.

3. There are now five Survey parties sanctioned, and before long there must be the same number of Settlement parties, while there is the possibility of a Sixth party being formed at no distant period.

4. The Government will doubtless rely upon my discretion in not unnecessarily employing any hands who can be spared, particularly as the cost of the Establishments is so rigidly balanced against the work executed.

5. The following are the modifications I propose to meet the circumstances above described :—

	As now existing.	Proposal in our letter of 25th June 1860.	As now proposed.

Vide para. 5 of my letter of 25th June 1860, *No.* 661.

6. This will modify the Statement accompanying my letter of 23rd July, No. 713, to the extent of Rupees 400 per mensem, and make the Office Establishment to Rupees 2,640 which is still below the annual sum available at the estimated cost of Rupees 64 per square mile on the operations of four parties as shown in the margin.

7. With five or six parties the cost of superintendence for the additional one or two above the present number (4) will be entirely saved, and if experience shows the great advantages, as I fully anticipate, of the European Assistant to be attached to each Deputy, a portion of this saving may perhaps be considered available for entertaining a second such Assistant to each party.

8. I enclose a revised general Statement of the whole arrangements for the re-organization.
