Proceedings of the Madras Government, Revenue Department,
14th September 1860.

No. 247. Read the following Proceedings of the Board of Revenue, dated 29th August 1860, No. 3,941 :—

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to J. D. SIM, Esq:, Secretary to the Board of Revenue, Fort Saint George, dated 18th August 1860, No. 130 :—

SIR,

1. With reference to such instructions as I may be favored with on the subject of the Income Tax, I have the honor to request the orders of the Board as to whether the 1 per cent. for reproductive public works may be included in the local Fund.

2. I ask the question especially with reference to Zamíndáries. Where land is held under the permanent Settlement, in large tracts, it seems especially desirable that such portion of the 1 per cent. Fund, as is raised on it, should be laid out on it, in the manner of the local Fund : and should the Board be of opinion that the 1 per cent. Income Tax may be so disposed of, I would lose no time in putting myself in communication with the Zamíndárs of Venkatagiri and Kalahastri, &c., and in correspondence with these Zamíndárs and the District Engineer, arranging for the execution of such works in the current year in their respective Zamíndáries, as the proceeds of the fund may be expected to meet, and may seem, on due consideration, to be most urgently required. Whilst it is I believe unnecessary for me to add that it is perhaps in the Zamíndáries where such outlay has hitherto been the scantiest, and might now in every respect be made with advantage.

---

1. Submitted for the consideration and Orders of Government.

2. Mr. Dykes proposes that the 1 per cent. levied under the Income Tax Bill for public works should be laid out under the Local Fund Rules.

3. The question is one affecting the entire collections made under this head, and cannot, the Board apprehend, be disposed of at present.

No. 248. ORDER THEREON, 15th September 1860, No. 1,606.

The Board will be referred to Section 194 of the Income tax Act. Mr. Dykes will be at liberty to report the probable collections on account of the 1 per cent., in the Zamíndáries to which he refers, and to send up through the Chief Engineer Estimates for the works which he would propose to undertake with that money. The Government are not prepared to allow the amount of the 1 per cent. to be carried to the credit of the local fund.

Secretary to Government.
