No. 326. Read the following letter from H. CLEGHORN, Esq., M.D. Conservator of Forests, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 7th September 1860, No. 152:—

SIR,

1. It has occurred to me that it would be advantageous to reprint in a portable 8vo. form, a Selection of the Miscellaneous Reports on various subjects connected with the Vegetable Kingdom, which have been printed during the last few years. For some of these, there is a considerable demand, spare copies are no longer available, and being scattered through Government Records of various years, they are not easily referred to.

2. With the permission of Government, I will endeavor to do this during my stay in England, and will bear the expense. I shall be happy to supply Government with fifty or any number of copies which they may require at prime cost. The expense is not likely to exceed 5 Shillings or $2\frac{1}{2}$ Rupees per copy.

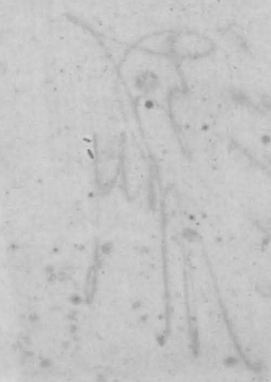

3. Any additional information which might seem to be useful, would be appended in foot notes, &c.

No. 327. ORDER THEREON, 19th September 860, No. 1,645.

1. The Government fully approve and sanction Dr. Cleghorn's proposal to reprint in a portable form a Selection from the Miscellaneous Reports and subjects connected with his Department.

2. The Government will be glad to take fifty copies of the work, at the price which may be fixed on it for sale to the public.

(Signed) J. D. BOURDILLON,
Secretary to Government.
