SIR,

1. I am directed by the Honorable the Governor in Council to forward the accompanying letter from the Conservator of Forests, together with the previous correspondence as noted in the margin on the subject of provision to be made for the care and management of the valuable Teak Forests in Wainád adjoining Mysore and of those on the Mysore side of the Boundary.

2. Dr. Cleghorn proposes to entertain a second class Assistant on a salary of 300 Rupees a month with travelling allowance when marching at 5 Rupees per diem. The salary to be paid two-thirds by Mysore and one-third by this Government; and the travelling allowance to be charged in equal parts to the two Governments. The Assistant will require an Establishment the cost of which cannot be ascertained until after his appointment.

3. The Mysore Government have agreed to this arrangement and I am desired to solicit the sanction of the Government of India to that part of the arrangement which concerns this Government. This Assistant is required in excess of the Conservancy Establishment of this Presidency sanctioned by the Government of India on the 7th November 1856, No. 4,950.

4. Sanction for the Office Establishment required by the new Assistant Conservator will be applied for as soon as it shall be ascertained what will be required.

5. I am directed to add that till recently the cost of the Establishment of the Forest Department was within the small amount of the sanction of November 1856. But as its operations have been from time to time extended the Establishment has been enlarged, till the limit was reached a short time ago. It will probably be necessary in a short time to apply for further increase; but every extension brings in almost immediately more than it costs.
