No. 84. Read the following letter from W. HUDLESTON, Esq., Secretary, Civil Fund, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated Madras, 14th September 1860, No. 286 :—

SIR,

1. I am directed by the Trustees of the Civil Fund to request that you will bring to the notice of the Honorable the Governor in Council, the fact that on the occasion of drawing the interest due for the half year ending 31st July 1860, on a portion of the invested capital of the Fund, the Accountant General directed and the Sub-Treasurer made a deduction on account of Income tax at the rate prescribed by the Act.

2. It is scarcely necessary to explain to the Government that the objects and constitution of the Fund are essentially of a charitable nature and productive of no immediate or direct beneficial return to a subscriber.

3. Its object is the maintenance of the Widows and Orphans of deceased members of the service, and the relief of members of the service whose state of health compels them to seek change of climate.

4. It is maintained by the subscriptions of the Service aided by a donation from the Government, who further raise the rate of interest on the capital to 8 per cent. The Fund, it is obvious has neither profits nor income in the correct acceptation of these terms, as the subscribers have no dividends or direct return for their subscriptions.

5. It appears to the Trustees to be essentially of the nature of those charitable institutions which by Clause 133 of the Income tax Bill, the local Government is authorized to exempt from the operation of the tax and they, therefore, direct me to request that you will submit to the Honorable the Governor in Council their application that the Civil Fund may be formally declared exempt from the operation of the Income tax and that the amount already collected may be remitted. This amount was Rupees 401-3-0, at the rate of 4 per cent. on Rupees 10,030.

No. 85. From Lieutenant-Colonel W. G. WOODS, Adjutant General of the Army, to Lieutenant-Colonel H. MARSHALL, Secretary to Government, Military Department, dated Madras, 19th September 1860, No. 869.

SIR,

1. I have the honor by Order of the Commander-in-Chief, to forward for submission to Government, a Memorial* from the Committee of management of the Mount Soldier's Widows' and Ophans' Fund, with His Excellency's recommendation that the Funds of this excellent charitable Institution may be exempted from the operation of the Income tax Act.

* *Praying that the funds of the Institution may be exempted from the operation of the Income tax Act.*

2. A copy of the Rules of the Fund and of the last Annual Report are also herewith forwarded.

Ordered that the following letter be despatched.

No. 86. From J. D. BOURDILLON, Esq., Secretary to the Government of Fort Saint George, to W. GREY, Esq., Secretary to the Government of India, dated 4th October 1860, No. 1,793.

SIR,

1. With reference to my letter of the 6th ultimo, No. 1,531, I am directed by the Honorable the Governor in Council to forward the accompanying letters from the Secretary to the Civil Fund and from the Adjutant General of the Army requesting respectively that the Civil Fund, and the Mount Cantonment Soldiers' and Widows' Fund, may be exempted from the operation of the Income tax under Clause 133 of the Act.

From the Secretary to the Civil Fund, 14*th September* 1860.
„ *the Adjutant General of the Army*, 19*th* „ „

2. The grounds of the application in both cases are that the funds are purely of a charitable nature; and as such they appear to this Government to be entitled to consideration. They are therefore of opinion that the funds in question are within the intention of the Clause quoted, but uniformity of practice being very desirable, they think it best to request the orders of the Government of India on the case.

Thirtieth Annual Report of the MOUNT SOLDIERS' WIDOWS' and ORPHANS' FUND.

Encouraging as the reports of this Fund have been for many successive years past, the Committee have this year the pleasure of announcing a larger increase to the Capital than has taken place in any previous year since the Fund was established, and the largest accession to the Subscriber's List during the last 20 years.

The number of new Subscribers has been 32, but there have been 13 casualties and lapses, leaving a nett increase of 19 :—the Pension List has received an addition of 8 Widows and 14 Children, but has been relieved of 2 Widows and 8 Children, leaving an increase on the year of 6 Widows and 6 Children.

The number of Subscribers at the close of the year was 222, and of Pensioners 84, viz., 42 Widows and 42 Orphans, and the accumulated Capital had reached the amount of three quarters of a lac of Rupees : such a measure of success probably never entered into the anticipations of the few Warrant and Non-Commissioned Officers at St. Thomas' Mount, who 30 years ago, united their small Subscriptions to provide a Fund for the support of their Widows and Orphans, but gratifying as the results have been, the Committee have every hope that they may yet see this noble institution occupy a still more useful position, for it cannot be questioned that there are very many of the class in Society for which it is intended, who make no provision for their families :—the Committee would hope that this in most cases is owing to ignorance of the reasonableness of the conditions on which such provision is offered to them, rather than to indifference, and they think that much good may be done by individual Subscribers, in making known as widely as possible the advantages which a connexion with this Fund secures.

The increasing usefulness of this Fund, and the extent of the benefits which it has been the means of conferring upon the Widow and Orphan, will be best shewn by the following brief abstract of its operations during the last 10 years.

Year	No. of Subscribers.	No. of Widows.	Incumbents. Orphans.	Amount paid in Pension.	Amount of Capital.
1850	154	18	28	2754 8 8	31994 1 7
1851	151	19	27	2995 13 6	35514 11 8
1852	160	21	27	2968 6 1	39610 10 10
1853	171	25	32	3325 1 11	43605 12 5
1854	175	26	35	3675 0 2	47883 2 0
1855	186	29	34	3556 7 3	52945 5 6
1856	194	31	29	4112 10 2	58640 14 2
1857	194	29	27	4147 11 1	63422 4 6
1858	203	36	36	4692 3 8	68408 5 8
1859	222	42	42	6074 4 5	75371 4 10

It thus appears that while during the last 10 years, the large sum of Rupees 38,302-2-11 has been paid in Pensions, the nett increase in the Capital during the same period has been Rupees 43,377-3-3 viz: from Rupees 31,994-1-7 in 1850 to Rupees 75,371-4-10 in 1859.

Since the establishment of the Fund, 71 Widows and 108 Orphans have been entered on its Pension List.

The alterations during the past year have been as follows:—

In the early part of the year, some alterations of importance in the Rules of the Fund were proposed to the Committee, which after careful consideration were to a certain extent approved, and referred to a Sub Committee, in view to the revision and publication of a fresh edition of the Regulations, the last edition being nearly all sold off.

The Regulations as revised and finally approved by the Committee, have since been circulated to the principal Stations, and have all been carried by a majority of the total number of Subscribers on the Books, the largest number of adverse votes having been on the proposed change in the constitution of the Committee of management, against which there were 16 votes.

The alterations in the regulations are chiefly as follows :—

1st.—The Committee is made elective, and the number of members increased.

2nd.—Medical Certificates are required in all cases in which it has hitherto been optional to call for them.

3rd.—The "Maximum" and "Minimum" sums are allowed to be paid by instalments.

4th.—The provisions of the old rule 52 are extended to include Pensioners.

5th.—Subscription in the Childrens branch is in all cases to commence from date of birth, and the same principle to apply to the payments on transfer from one class to another in that branch.

There are other alterations of a minor character, which it would take up too much space to particularize.

The alterations in the Children's branch as regards payments on transfer will not have retrospective effect beyond the date on which the revised rules come into force, in respect to present members of the Fund, but will apply in their full effect to all Subscribers joining after that date.

Since the revised Rules were circulated, the attention of the Committee has been drawn to the expediency of establishing higher rates of Pension, than the Fund at present affords ; the Committee believe there can be no question, that the alterations for the better which have taken place since the present 1st and 2nd Classes were established in 1848, in the position and prospects of many of those who look to this Fund for a support for their families, afford reasonable ground for the desire of some better provision than the Fund at present offers. Propositions have accordingly been drawn out, for adding two Classes on Subscriptions of 4 and 5 Rs. each in the Widow's branch, with corresponding Classes in the Children's branch : these propositions, together with some others to which they have given rise, are still under discussion, and pending a decision upon them, the publication of the revised Rules and regulations will be deferred.

On the representation of the Treasurer of his very onerous and increasing duties, the Committee have considered it advisable to increase his salary from Rupees fifteen to Rupees twenty-one per mensem.

The Bonds belonging to the Fund continue to stand in the names of Colonel C. A. Browne, Mr. Spencer (the President), and Mr. Pike (the Treasurer of the Fund), and are lodged for security in the Bank of Madras,—they have been carefully examined, and compared with the Treasurer's list, by Messrs. R. B. Mitchell, and J. Ward, and found to correspond therewith ;—a similar examination will hereafter be made annually :—on the date of their inspection, their particulars were as follows, viz : —

	42 Bonds of 4 per Cent. loan aggregating Co.'s Rs.		52,400
1 do.	" " "	for S. Rs. 4000 or Co.'s Rs.	4,260
21 do.	" 5 "	aggregating C. Rs.	16,900
		Total Co.'s Rs.	73,560
And 1	" 5	purchased since 1st Jany. 1860 for Co.'s Rupees	1,300
		Total Co.'s Rs.	74,800

Mr. H. Fox, having resigned the Secretaryship in the Month of August, Mr. R. B. Mitchell was appointed to succeed him.

The Auditor's Report on the Treasurer's accounts is hereto appended.

The President and Members of the Select Committee for drawing up the Report of the Mount Soldiers' Widows' and Orphans' Fund.

GENTLEMEN,

I have the pleasure to inform you, that I have carefully audited the accounts of the Mount Soldiers' Widows' and Orphans' Fund for the year 1859, and find every item of Disbursement properly vouched, the Receipts on account of the Fund are also regularly entered in the Ledger and accounted for in the journal, and the same being extracted in the Balance sheet, shews in one view, the true state of the Fund as it stood on the 31st December 1859.

From the accompanying Memo. of objections, it will be seen, that the accounts have been kept very carefully, though I must remark, that the audit has been rendered unnecessarily tedious by the date of receipt of subscriptions, in the Children's Branch not being inserted in the Treasurer's Rolls.

The Disbursements during the past Year fall short of the Receipts in the Widows' and Childrens' Branches by Rs. 4,441 9-4 which together with the interest on the Funded property and other contingent Receipts augment the Total of the Funds to Rs. 75,371-4-10, thereby shewing an increase of Rs, 6,962-15-2 over the Total of the Funds on the 31st December 1858.

I remain,

Gentlemen,

Your most obedient servant,

DANIEL L'FLEUR,
Auditor.

N. B.—Payment of double the amount of donation and subscription above specified in the childrens' branch, secures pension for boys till the age of 18, and for girls till the age of 21.

Entrance Donations may be paid at once or by 12 equal monthly instalments, the same applies to the difference of donation and subscription, on transfer from one class to another in the childrens' branch.

Increased payments on entrance are required in the widow's branch after the age of 40, and no person can be admitted above the age of 55 years; delay in joining after being admitted by the committee will necessitate a fresh Medical Cetificate being submitted. Subscriptions in the childrens' branch in all cases commence from the date of birth of each child. Transfers from a lower to a higher class are permitted in the Widows' branch on payment of difference of donation and of subscription,—the amount of which is at present under consideration,—and in the children's branch on payment of difference of donation and of subscription from the date of birth of each child. Subscribers to the children's branch must also belong to the Widows' branch, and to the same class in both branches. Widows may reside at any Station or in any Country they choose.

The full amount of pension in the widows' branch is secured when a sum equal to fifteen months' pension of the class has been paid into the fund;—when the payments made are equal to ten months' pension, but less than the former amount, a reduced pension or 5-6ths of the full amount is allowed.

Subscribers are allowed at any time to pay in one sum or by instalments the difference required to entitle their widows to immediate pension (in the event of lapses) on furnishing a medical certificate in the prescribed form. Widows marrying lose pension during coverture, but revert to the Fund on again becoming widows. Pension is forfeited by incontinence. No pension is paid to families of Subscribers who die with six months' subscription in arrears, and Subscriber's names are struck off the books when 12 months' in arrears. Subscriptions due for a period exceeding 6 months are not received unless accompanied by a medical certificate. The regulations at length will shortly be reprinted and may then be had on application to the Treasurer:—price 4 annas.

*N. B.—In establishing the present 1st and 2nd Classes the following temporary rule was agreed to by the Subscribers :—it will continue in operation until the 1st and 2nd classes have together 50 Subscribers, and will then finally cease.

That as a safeguard to the Fund no pension shall be paid from either of the new classes (that is the 1st and 2nd classes) until they have together 50 Subscribers: when that number is attained, pensions to be paid under the ordinary rules of the fund, but should any casualties previously occur, the following temporary rules to be applied :—If the *minimum* of the new class has not been paid, the widow to be excluded from pension in accordance with present rules :—If the minimum of the new class has been paid, the widow to come *temporarily* upon the pension of the *old* first class (that is the present 3rd class) until the above number of subscribers be attained to, and then to come *permanently* upon that of the new class to which her husband belonged, but to have no claim to any refund of subscription, &c., should the number of subscribers fixed for the new classes never be realized :—or if the widow does not choose to run this risk, she is to come at once *permanently* upon the pension of the *old* first class (that is, the present 3rd class) receiving back all sums paid by her husband in excess of those required for that class, but without interest, and to have no claim to any further increase of pension :—this option to be given to each widow, and her decision to govern the pensions of her children as well as her own.

37. No widow shall be entitled to the *full* amount of the pension fixed by Rule 34 unless her husband had paid into the Fund a sum equal to fifteen month's pension of his class, viz :—

1st Class.....	Rupees	450
2nd „	„	360
3rd „	„	270
4th „	„	180
5th „	„	135
6th „	„	90
7th „	„	67½

38. Should a Subscriber die after he has paid into the Fund the sum specified in Rule 36, but less than that required by Rule 37, his widow shall receive only $(\frac{5}{6})$ five-sixths of the pension of her class.

39. The amount due to the Fund by members whose subscriptions may be less than 6 months in arrears at the time of their death, shall be recovered from the widow's pension by monthly instalments at the rate of her late husband's subscription.

40. No widow shall be entitled to participate in the benefits of this Fund if her husband was at the time of his decease full six months' subscription in arrears.

41. In the event of a widow whose Pension may have ceased on remarriage under Rule 35 again becoming a widow, she shall be readmitted to her former Pension from the date of decease of her last husband ; should however her last husband also have been a subscriber to the Fund at the time of his decease, and have paid the amount required by these Rules to secure a Pension, she shall be entitled to the whole of the larger Pension and also to one-third of the smaller Pension that may have been subscribed for on her behalf, and to no more.

42. Subscribers wishing to secure pensions for their widows, are at liberty to pay at once the amount specified in rules 36 and 37, with continued monthly subscriptions ; should a subscriber however not avail himself of this advantage at the time of his admission into the Fund, he is, notwithstanding,

permitted to pay those sums, or any portion thereof, at any subsequent period, on the production of a fresh Medical Certificate (Form No. 2). Subscribers who may wish to pay those sums by consecutive *monthly instalments* in addition to their monthly subscriptions, are in the first instance to state distinctly the amount of their intended monthly payments, which must be accompanied every sixth month by a fresh Medical Certificate. Should the subscriber desire at any time to *increase* the amount of his monthly instalments, a fresh Medical Certificate must first be forwarded for the consideration of the Committee.

43. Not more than three months', *subscription* shall be received in advance from subscribers who have not paid up the sums required by rule 37.

44. Applications from persons (non-subscribers) who may wish to subscribe to this Fund for a relative, being a widow, will be specially considered and acted upon by the Committee.

45. A Subscriber may remove from one class to another on application to the Committee through the Secretary ; if to a lower class all advantages appertaining to the higher will be forfeited, and should the applicant not have paid the minimum of the class from whic' ne wishes to transfer but have paid sufficient to secure a Pension in the lower class, he must furnish a Medical Certificate that he is free from any dangerous disease :—if the removal be to a higher class the prescribed Medical Certificate (form No. 2) must accompany the application, and the subscriber shall pay, (in addition to the monthly subscription of the higher class from date of application), difference of donation and subscription with compond interest at 6 per cent. reckoned quarterly, according to age and the length of time he has been a member of the Fund, as laid down in the subjoined table :—provided however that no subscriber under the age of 44 years shall in any case be required to pay the said difference for a longer period than 4 years.

To the Hon'ble

Memorial of the undersigned Members of the Committee of Management of the Mount Soldier's, Widow's and Orphan's Fund.

Sheweth.

That Your Memorialists beg leave very respectfully to address your Excellency in Council on the matter of the operation of Act. No 32 of 1860, commonly known as the Income Tax Act, as regards the Fund, with the management of which they are intrusted.

II That the Mount Soldier's Widow's and Orphan's Fund your Memorialists beg to say was first established at Saint Thomas's Mount in 1830, for the amelioration of the condition of their Widows and Orphans, by a few Warrant and Non Commissioned Officers of the Madras Artillery, who had witnessed the truly pitiful and distress

distressed condition of the families of their deceased Comrades,- hence its designation "Atomt Soldiers' Widows' and Orphans' Fund."

III. "That this Fund at its commencement was restricted exclusively to the ranks of the Madras Artillery, but that it was deemed advisable afterwards to extend its benefits to the Army generally, and subsequently to other classes, as it was found there were many persons very desirous of preserving their families from destitution after their death, who although not strictly holding any Military rank, were still somewhat connected with the Army or Government, by employment in Regimental and Departmental Offices.

"That

IV "That although the object of the Fund was thus primarily to provide for the families of the Subordinate ranks of the Madras Army, the Committee have never, up to this time, solicited any pecuniary aid from the Government, either in the form of donation or increased Interest,- which there was every reason to believe, if asked for, would have been as liberally responded to as in the case of the Civil, Medical, Military, and Taylors' Funds- but that Your Memorialists have always earnestly desired, by great economy in their management, to make the Fund self Supporting, so that all the expenses to which it is liable should be defrayed from its own resources, reserving any application for Government aid to a time, should such ever unfortunately occur, when it should become apparent that its finances might be so crippled as to threaten its solvency- and

Yours Memorialists feel confident that in having adopted this course, their present application will the more readily receive the favorable Consideration of Government.-

V. "That during the 30 Years that this Fund has now been in existence, 73 Widows and 108 Orphans have, through its operation, been rescued from destitution and dependance upon the general Community; and that the very serious reduction in the Pensions now allowed from Lord Clive's Fund, makes the stability of this Fund a matter of public concern.-

VI. "That in establishing this Fund the humbleness of condition and smallness of income of those for whom it was intended, necessarily required that the Subscriptions should be fixed at the very lowest Sum compatible with the pensions to be afforded, as the only hope of success in the benevolent object in Contemplation,- and that through its early years of existence, the Fund was fostered by the generous Contributions of Officers who were interested in the welfare of the Soldier, and in rescuing their Families from want.- "For 20 Years the Fund was worked Gratuitously by its Office bearers, it being only since that period, that Your Memorialists have ventured to allow a small remuneration to their Secretary and Treasurer, rather in recognition of their Office, than as commensurate with their duties,- and that, in short, the whole of the Contributions received, whether in the form of donations from its patrons, or Subscriptions from its Members, have been ever held as religiously devoted to the relief of the Widow and orphan, and their expenditure in any other way watched and guarded against, with the most anxious jealousy.- every available Rupee being invested in Government Paper (now standing in the names of Colonel (now Brigadier) C. A. Browne late Secretary & Government

in the Military Department, Mr A.S. Spencer and Sergeant Pike of the Garrison Band, to secure to the bereaved that support which they so urgently need, and Your Memorialists have therefore viewed with much alarm the prospect of the Fund which they have so long and carefully guarded, being most seriously diminished under the operation of the Income tax Act.

VII Your Memorialist would respectfully point out that this Fund is in no respect a trading association, that it declares no profits, or dividends, and that under no circumstances do those who are connected with it receive back any of their Contributions, or derive any benefit to themselves, either by application of reserve Funds, in reduction of their Subscriptions, or in any other way whatsoever, its resources being, as before Stated, wholly and Solely dedicated to the relief of the Widow and Orphan: that the Fund is in fact a Provident Charitable Institution, and as Such your Memorialists respectfully beg that Your Excellency in Council may, under Section CXXXIII of the Income Tax Act, be pleased to pass an order, exempting its Income wholly from the duties Chargable under the said Act, and for securing and carrying into effect Such exemption.

III Should however your Excellency in Council be unable from any cause to meet the Prayer of your Memorialists above expressed, they would respectfully urge, that the funds which they have so long, so religiously, and so jealously guarded, may not thereby be subjected in fact to be withdrawn from them for the use of Government; but that, considering the object in view, and the class by whom this fund is maintained, (namely, that

that it is chiefly to provide for the families of the Subordinate ranks of the Madras Army, and that its members nearly all, either belong to, or have belonged to the Army; Your Honor in Council will be pleased graciously to grant to this Fund, like Special Pecuniary Aid as allowed to other Institutions before mentioned, to compensate for the losses that will be incurred by the Fund under the operation of the said Income Tax Act, and to enable your Memorialists to meet all Claims upon the Fund without encroaching upon the Pensions of the Widow and Orphan, which are, after all, so small and so little able to bear reduction, — and for which act of consideration your Memorialists will ever feel grateful. —
